FROSINONE CAPTURED

BULLETIN
Allied Headquarters, Naples, June 1—(P)—The Germans are falling back along the via Cassina beyond Frosinone, while hard fighting continues between Valmontone and Velletri below Rome, headquarters announced tonight.

By NOLAND NORGAARD

Allied Headquarters, Naples, June 1—(AP)—American soldiers fought today within sight of Rome, just visible from the highest ridges of the Alban Hills, captured in a deep thrust into the German defense.

"From these heights," wrote Associated Press Correspondent Edward Kennedy from the front, "the doughboys got their first glimpses of Rome—a hazy mass of buildings in the distance, from the midst of which rose the dome of St. Peter's, its line just barely visible.

One Doughboy column breaking through east of Bellettri plunged forward nearly 3,000 yards—almost two miles—and seized a point on Mount Pescio ridge, highest feature of the Alban Hills.

Other forces won high ground near the lake of Nemi, northwest of the menaced town, driving within 15 air miles from Rome's (Turn to Page Eleven)

Jap Offensive On Verge Of Expanding On Four Fronts

By J. B. GRUEGER
Associated Press War Editor

Japan's great China offensive today appeared on the verge of expansion into a four-front battle aimed at wiping out new Allied air bases now virtually dominating enemy shipping along the Chinese coast.

From Chungking unofficial reports said the Japanese were massing in Indo-China, possibly for a drive on Kunming, U. S. air base on the Burma Road. From Honan province came news indicating the invaders were gathering for a new offensive, possibly against Chungking.

The Japanese now are moving south and west out of north-central China.

Chungking authorities said civilian evacuation had been completed in preparation for the fourth Chinese defense of the city. The second offensive, west along the Yellow River in Honan, apparently was in temporary deadlock, with Chinese forces attacking in some places.

Airpower fought by Maj. Gen. Claire L. Chennault was the only weapon in which the poorly-equipped Chinese had an edge. Associated Press War Correspondent Clyde A. Farnsworth visited the new Chinese-American Composite Wing (CACW) in Honan and reported this small air group already had thrown a wrench into Japanese plans.

In Burma Chinese-American troops pushed down the Gogaing valley capturing the enemy strongpoint at Malakung. There was no new report of the fighting at Myitkyna, besieged by Lt. Gen. Joseph Stilwell's forces.

OIL CITY FIRM EXPANDS
Oil City, June 1—(P)—Fred F. Murray, president of Oil Well Supply Co., a U. S. Steel subsidiary, announced his company has contracted to acquire the Witte Engine Works, Kansas City. The Witte Works, Murray said, will continue to manufacture small gas, gasoline and Diesel engines. Acquisition of the Witte concern will provide Oil Well Supply Co. with a line of engines for pumping units and other applications in other fields.

BIG FLOOD RECALLED
Pittsburgh, June 1—(P)—The Johnstown Flood Correspondents Association—now composed of a national membership of more than 200 more six members out of an original—reminded of the disaster at a 55th anniversary meeting yesterday. Only four of these six were present to talk about the flood which left 2,200 dead, destroyed 1,500 homes and caused a \$12,000,000 property loss.

Three Lost When Sub Stops Ship
Philadelphia, June 1—(P)—A German submarine stopped the neutral Portuguese refugee ship Serpa Pinto off Bermuda on a clear dark night and a calm sea last Friday, took two prisoners and warned the 385 crew members and passengers the ship would be sunk. Three lives, including that of a sixteen-month-old baby, Beatrice Trapani, were lost in the rush to launch lifeboats.

The U-boat abandoned preparations to torpedo the ship after wireless orders from Berlin. Passengers and crew reboarded the ship while the submarine hovered close at hand. It docked here secretly late Tuesday and the Navy disclosed the story yesterday. The Navy said the Serpa Pinto was stopped by gunfire and signals 12:05 a. m. last Friday and that Serpa Pinto, 30, at her Brooklyn waterfront candy store Thursday and was paid \$96.

Citrus Fruit Juices Will Be Point Free Sunday Next

According to an Associated Press dispatch received today from Washington, the Office of Price Administration announces all meats now ration-free will continue so during the period through July 1, and these principal changes in the rationing program effective next Sunday: Canned carrots, orange juice, grapefruit juice and blended orange and grapefruit juice are added to the long list of point-free processed foods.

All varieties of cheese and cheese products are reduced two points a pound to a new value of 10 points. The ration cost of canned evaporated and condensed milk is halved, dropping from one point for a pound to a half point.

The only increases ordered are for pineapple juice, up three points to 15 for a No. 2 can, and grape juice, boosted four points to 10 for a pint container.

Butter stays at 12 points a pound and margarine at two points. Choice beef steaks and roasts continue to be the only meat cuts requiring ration stamps. Values are unchanged, with one exception: Chuck steaks and roasts are cut two points a pound. Flank steak remains point-free.

All grade D beef is removed from rationing for the June period, but OPA said today very few steaks and roasts of this lower quality are sold at retail. Most of the meat from these animals is made into hamburger and sausage.

In continuing the ration-free meat bargains, the agency said over-all civilian supply for June averages 310,136,000 pounds a week, a 9.6 per cent increase over the 282,559,000 pounds a week in May.

Beef, veal, lamb, mutton and variety meats will be in more plentiful supply in the new period. Pork, while still coming to market in amounts exceeding demand, will fall slightly in volume.

What May Be Most Fateful Month of War Begins Today

By JAMES M. LONG

London, June 1—(P)—June—perhaps the most fateful month of the war—began with an air attack on the Germans' channel front defenses so terrific it shook the English coast, while at the opposite end of Hitler's uneasy European siege stand, Marshal Tito ordered his Yugoslavs into an all-out attack, and Turkey was reported likely to move into war at the Allies' invasion signal.

Marshal Tito's order of the day called for a decisive assault "particularly now when the last blow of the Red Army and Anglo-American Allied troops is approaching," and his communique announced capture of an enemy base in Dalmatia and hard blows along the whole Nazi line.

Across the Adriatic, Americans fought their way into sight of the towers of Rome as Field Marshal Albert Kesselring continued his retreat, unable to call upon reserves for which Field Marshal Gen. Karl Rudolf Gerd von Rundstedt has first priority along the tense western front.

Across the murky channel were thunderstorms added to the explosive fury of the Allied air onslaught on the Nazis' front line, the Germans tightened their control of all France to an active operations basis.

The latest move in breaking up all gatherings was a Vichy radio announcement that all horse racing had been cancelled "owing to the present situation."

SEC. OF WAR REPORTS ZERO HOUR IS NEAR

U. S. Forces Ready to Take Advantage of Preliminary Air Assaults, Stimson Says

STEADILY INCREASING

Washington, June 1—(AP)—Secretary of War Stimson said today that with 3,657,000 army troops already overseas, the deployment of air and service forces is practically completed "and the period of decisive action is at hand."

The bulk of forces now moving out of the United States to combat areas is composed of ground troops prepared to use captured bases and take advantage of the preliminary air assaults for the final blows against the enemy, the secretary told a news conference, adding:

"The United States army today has 3,657,000 soldiers deployed outside the continental United States in theaters of operation throughout the world, striking and preparing to strike victory-winning blows by land, from the sea and in the air against Germany and Japan."

"This force, at the end of protected supply lines stretching more than 56,000 miles and reaching into every continent, represents approximately 47 per cent of the total strength of the army."

"By the end of 1944, the number of troops overseas will be increased to more than 5,000,000 men, approximately two-thirds of total strength."

Stimson said that the overseas strength of the army exceeds the peak overseas strength in World War I by 1,571,000 men, and is only 400,000 men short of the total strength of the army at the close of the World War.

Stimson said the air forces, with a total strength of approximately 2,557,000, has slightly less than half of that personnel already overseas. The AAR has more than 75,000 airplanes, including 34,000 combat planes, he said, and more than one-half of the combat plane strength is overseas, "making the AAF the world's most formidable aerial striking force in point of size and fire power."

Outside of continental United States and United States territories, the AAF has approximately 925 bases, of which 750 are air- (Turn to Page Eleven)

Trolleys And Buses Are Idle In St. Louis

By the Associated Press
All street cars and buses in St. Louis were idle today as 3,500 operators went on strike while elsewhere along the country's labor front conditions eased somewhat as workers in several industries ended walkouts which yesterday had kept idle some 50,000 men and women.

The strike of St. Louis transportation operators, members of the Amalgamated Street and Electric Railway and Motor Coach Employees of America Union (AFL), was reportedly over an overtime pay controversy.

The Pacific Northwest lumber and logging industry resumed partial production as AFL unions indicated willingness of about 30,000 workers to go back to their jobs after a week's work-stoppage. However, the CIO Columbia river district council, claiming 15,000 membership, said it could not recommend a return to work.

In Detroit, scene of many labor disputes in war production plants during the last several weeks, only one controversy remained to be settled—the strike of 1,900 CIO unionists at Parke Davis and Company.

Striking bakery drivers in the Michigan metropolis yesterday voted to resume bread deliveries.

A second strike in Detroit also ended last night when 1,500 employees of the Federal Mogul Company returned to work after staying away from their jobs for five days.

Bread supplies were scarce in Toledo and Cincinnati, Ohio, as the strike of employees of shops supplying about 75 per cent of the market continued.

Directors Act To Discourage Sororities and Fraternities In Public Schools of Warren

A resolution which will have far-reaching effect on extra-curricular activities in Warren High and Beaty schools was presented by Principals Floyd Bathurst and H. D. Harris at last night's special meeting of the school board and given that body's unanimous approval. The regulation, effective with the beginning of the new school term in the fall, reads:

"No pupil enrolled in Warren High School or in Beaty school who is a member of a sorority or a fraternity shall be eligible to take part in any school activity, including athletics, music, dramatics, school publications or any other activity sponsored by either school, nor shall such pupil be eligible to hold any office within the gift of the schools, either elective or appointive. Administrative officials of both schools will be charged with seeing that this regulation is strictly enforced."

Action was also taken at this meeting for adoption of the budget for the fiscal year beginning July 3, the sum of \$378,078.64 continuing the current 22 mills on real estate and the per capita tax of \$5.

A letter was read from the Chamber of Commerce requesting continuance of the high school band through the summer months, the board approving with the provision that there is an enrollment of 25 or more for rehearsals to be held at the high school building from 7:00 to 9:00 p. m. on Monday and Wednesday evenings for a period of 12 weeks through the summer.

Board members accepted the resignation of Myrtle Miller, Secor and ordered a letter of appreciation sent to Frances Ekey, oral hygienist in the schools for 20 years, who is soon to be married and has not renewed her contract. Dorothy Peterson, graduate of Warren High School in 1940, of Grove City College in 1944 and currently teaching in Meadville, was elected to teach commercial and social subjects next term. R. Pierson Eaton was named solicitor for a period of one year. Permission was granted Mrs. T. H. Conway and Mrs. Earl Stricker to continue their private kindergarten in the East and Johnson buildings.

Federal grants of \$921.84 for the lunch program during April and \$151.58 for defense training were acknowledged. A request was received from Mrs. Walter Mathyer, president of the Community PTA Council, for use of the Beaty building for youth activities during the summer months, the board expressing interest in the program but requiring that each event planned be submitted before approval is granted. A request for occupation of a building on the academy lands was refused, the board deciding to remove the building and fill in the property.

The committee on grounds presented a plan whereby the board would enter into a ten-year contract with the borough for use of the Lacy and Home street grounds (Turn to Page Eleven)

Scholarship Awarded Warren High Student

According to announcement made today by Floyd Bathurst, high school principal, a nice gift has arrived for the 17th birthday anniversary of Dudley King, young senior from North Warren, the present being the scholarship awarded annually by the state to a student of this county.

The scholarship provides \$100 each year for four years in any school in the state selected by the recipient.

Young King, who has been selected as one of the commencement speakers because of his placement in the high honor group is active in many school affairs, including Student Council which he is serving as treasurer this term.

Release of the anthracite mines awaits only a formal ratification of the contract by a Tri-District Union Convention in Pennsylvania.

DEM. WOMEN MEETING
Altoona, June 1—(P)—The Pennsylvania Federation of Democratic Women opened a three-day convention here today with Mrs. Myrtle H. Beard, of Wyomissing, presiding.

There is still conviction in some quarters, however, that the president may make the trip, not especially to see the French leader, but primarily to get a closer look at the war and to thrash out some tough political problems with the British prime minister.

Policies as to Spain and Turkey are considered in official quarters to be troublesome. The constant question is how far to press these neutrals, and also Sweden, to cut their trade with the Axis.

NAZI DEFENSES HAMMERED IN NIGHT ATTACK

Installations Along Channel Coast and Rail Centers Targets of Simultaneous Assaults

DAYLIGHT FLIERS IDLE

BULLETIN
London, June 1—(P)—Strong formations of medium bombers and fighters were observed crossing the channel late today in the direction of Boulogne and Dieppe on the French invasion coast.

By GLADWIN HILL

London, June 1—(AP)—In simultaneous overnight assaults, powerful forces of RAF bombers hammered the Nazi defense installations along the French channel coast and fanned out over a 200-mile front in France to blast three of the largest railroad centers through which the Germans are shuttling their forces to meet the impending invasion.

Murky weather prevailed over the English Channel early today, however, and there were no signs of daylight aerial operations from Britain—the first lull in the Allied offensive in two weeks, although heavy bombers did not go out last Friday. At 9 a. m. (3 a. m. EDT) the German radio reported that the Reich was free of enemy planes and one hour later broadcast that "single enemy planes were approaching"—apparently on reconnaissance missions.

Halfway and Wellingtons of the Mediterranean Allied air force bombed railroad track works by the Danube river's iron gate canal on the Romania-Yugoslavia border last night.

After a one-night interval the Germans again sent some planes against England. These raiders dropped over East Anglia and dropped a few bombs, but they appeared to be mainly "on the snoop." It was officially reported that no one was hurt by the German foray and only slight damage was caused.

In daylight raids yesterday powerful forces totaling possibly 2,500 Allied planes struck from the west and south, bombarding the four German rail centers of Hamm, Osnabruck, Schweurt and Coast and the Nazi oil source at Ploesti in Romania.

The attack from British bases against the transportation hubs saw from 750 to 1,000 U. S. heavy bombers, escorted for the fourth consecutive day by more than 1,200 fighters, carry out their mission at a cost of one bomber and four fighters.

Denatured Alcohol Proves Fatal to 14

New York, June 1—(P)—A third person was under arrest on homicide charges today in connection with sales of denatured alcohol which has caused 14 deaths in Brooklyn since Saturday.

Thomas Fatone, 44, surrendered yesterday, saying he had learned he was being sought. Police charge he delivered 20 gallons of denatured alcohol to Mrs. Sophie Krasunas, 30, at her Brooklyn waterfront candy store Thursday and was paid \$96.

Mrs. Krasunas and her husband, George, cooperator of the store, accused of having dispensed the alcohol to those who died, have been in custody since the first of the week, also charged with homicide. Police said they refused to leave their jail cells to identify Fatone.

Classes At An End For Pupils Of High School For the Year

Wednesday was really the last day of very serious work for Warren High School seniors, although today is listed as the last day of classes on the official school calendar. Today's activities consisted principally of returning books and taking care of odds and ends.

Graduates will assemble in the high school auditorium at ten o'clock Friday morning for issuance of caps and gowns and tickets for commencement. As previously announced, each senior is given three tickets of admission, two in color for their parents for the best available seats in the Presbyterian auditorium and a white ticket for one admission outside this reserved section.

Warren Plastic Corp. Buys Large Factory

The Warren Plastics Corporation has announced their purchase of the Warren Chair Works property on Fourth avenue from the Phoenix Furniture Company.

When interviewed, the officials of the Warren Plastics Corporation reported that they had no immediate use for the property but as soon as equipment became available for the production of plastic powders they plan to set up the plant for that purpose.

They reported that the plastic molding machines being built would have a consumption of over 60 tons to molding powder per month, an that they ultimately propose to compound these materials locally.

TIMES TOPICS

SALE A SUCCESS

The Poppy Day sale of the American Legion Auxiliary was a success in every sense of the word and the committee in charge desires to extend its thanks to all who so splendidly co-operated and also to the Times-Mirror for its aid in the project.

GARDENERS OVERJOYED

The rain storm that swept over this section last night shortly before midnight was hailed with joy by the Victory Gardeners. With no rain since last Friday the earth had dried out and the garden growths were beginning to suffer. The rain was accompanied by thunder and sharp lightning but no reports of damage being done have been received.

CLASSES ON EQUIPMENT

With all firemen who were on duty yesterday classes in the use of equipment carried on the fire trucks were held at the Central Fire Station Wednesday afternoon. The use of the door openers, proper use of axes, roof cutters and various nozzles, etc., were gone into in detail. Chief Alabaugh plans to have every man in the department familiar with all of the apparatus and equipment and to that end has arranged a strict training course for the summer months when the material can be taken out of doors. Classes in the use of the resuscitators and inhalators will also be held as with the swimming season at hand their use may be required at almost any day.

Also listed for tomorrow is the junior-senior prom to be held from nine until one o'clock in the Beaty school gym. Dress will be formal and one member of each couple must be a member of the Class of 1944 or '45.

Previously scheduled for this week but held up because of the wartime manpower shortage in industry is the distribution of the school annual, The Dragon, still in the bindery in Pittsburgh. It is hoped the yearbook will be here early next week.

Baccalaureate for the seniors will be Sunday evening in First Presbyterian church and Class Night will be held at the YWCA activities building on Monday, dinner tickets to be bought at the school no later than today.

Youngsville Graduates Class With Fine Program Monday

Youngsville, May 31—Youngsville school closed for this session on May 31st. The Baccalaureate service was held Sunday evening May 28th in the Methodist church. The high school graduating class assembled in the church with the hymn "The Church's One Foundation" as a processional hymn. Friends and relatives filled the church almost to capacity.

The invocation was given by the pastor Rev. Dwight Jack. The high school choir directed by Music Supervisor Horn sang, "Praise Ye the Lord, The Almighty". The Scripture reading and prayer were by Rev. Charles McIntyre pastor of the United Brethren church. "Open Our Eyes" was sung by the high school choir.

Rev. Samuel Stimer, pastor of the Free Methodist church, brought a very sincere and inspirational message with his theme, "Today and Tomorrow". "Lead on O King Eternal" was the recessional hymn.

The Commencement exercises were held at 8 p. m. Monday May 29th in the school auditorium. The processional was played by the

Eighth Grade Program At Tiona School

Commencement exercises for eighth graders of the Washington school at Tiona began with a six o'clock banquet, pictures taken at seven o'clock and graduation of the following class members at eight o'clock:

Ella Atwell, Margaret Brennan, Barbara Bean, Lillian Champion, Donna Mae DeGolyer, Kenneth Lane, Mary Lou and Glenn Logan, Dean Meddock, Bruce Melquist and Jack Strandburg.

Program numbers were as follows: Processional, Constance Jesperson; piano solo, Donna Mae DeGolyer; address, Attorney A. C. Flick, Warren; presentation of writing and banking certificates, Clair Mead; presentation of diplomas, Arthur Probest; thank you, Margaret Brennan; march, Constance Jesperson; closing song, "Faith of Our Fathers".

Mrs. Gilbert Seigworth was presented with a going-away gift from the school. Adding much to the young people's pleasure in the evening were the corsages presented by Mrs. Dirl Champion.

DETAIL FOR TODAY

6-and-20 Tootsie

A 6-and-20 TOOTSIE is a girl who is the cause of an aviation cadet being punished for arriving back at the barracks late from a pass. The punishment is fairly standard—six gigs and 20 tours. A gig is a demerit and a tour consists of an hour's walk, usually with a rifle, 120 steps a minute in a small area. A cadet may be all over town trying to find a fate and at 1:30 a. m. come upon someone who takes his breath away. He has to be in at 2 a. m. If the girl's beauty merits his casting regulations to the four winds for the honor of her company for an extra hour, she is a full-fledged 6-and-20 TOOTSIE.

Hollywood Sights And Sounds

By ROBBIN COONS

HOLLYWOOD—Life is going to be a lot brighter in these parts now that Gypsy Rose Lee is back. I say that with authority after barging into a literary tete-a-tete between Miss Lee and Robert W. Service on a movie set.

Neither of them had any real business there. Miss Lee is starring as "Belle of the Yukon" but today she was just visiting.

"That's the way it is," she said. "I get a day off so I come back to watch them make pictures."

Mr. Service, who lives within walking distance of the studio, was visiting too. That "Yukon" in the title got him. He couldn't stay away, not the fellow who wrote "The Shootin' of Dan McGrew" and those other semi-classics of the north. Mr. Service is a mild, white-haired chap who doesn't look as if he'd shoot anything, but then he didn't shoot McGrew, just wrote about the shootin'.

"How about your writing?" I asked the author of "G-String Murder Case," "Mother Finds a Body," and assorted autobiographical sketches.

Gypsy Rose said it wasn't doing so well. "It's hard to write out here," she said. "You're either making a picture, or having wardrobe fittings, or sitting around as I'm doing now, with no business, and the pieces you're doing just lie there."

"I've done some detective books," ventured Service, rather shyly, and Gypsy Rose said she

hadn't known that. What, she asked, did he do about the problem of clues?

"I've tried lying on the floor, pretending I was the corpse, and reconstructing the crime from there," he said. "Of course if your family walks in they might think you're crazy."

Gypsy Rose agreed it was a novel approach, but still clues drove her batty. "I sprinkle them around in the early chapters and then go nuts trying to tie them all together at the end. Usually I say to hell with 'em and let it go at that. But I know that's not good."

Gypsy Rose has just signed a five-year contract ("five years is a lifetime to me," she said) with International, and is buying a house here to celebrate. She's moving her furniture out, is planning to auction the furnishings of her country home. "At every auction there's a white-haired old lady, crying in the shuttered parlor—it raises the value of the pieces—so I guess I'll have to go back and get me a white wig," she said.

So Gypsy Rose is staying, and so far the Hays office hasn't raised a fuss as it did the last time she was here, making her use her real name of Louise Hovick to dissociate her from burlesque fame.

Gypsy Rose will be quite an addition. She's fresh, friendly, bright, and has her feet on the ground. And the only thing she's dropping now, in case you wonder is those intractable clues

CORYDON

Corydon, May 29—The Senior Class of Bradford Senior High School announces its Sixty-third Annual Commencement Friday evening June ninth Nineteen Hundred and forty-four at eight o'clock high school auditorium. Among the '44 class members are three Corydon graduates, Miss Leatrice Smith, Miss Beverly Prue, Miss Betty Lechner.

Victory Gardens Knock Beans Off Ration List

Keep Beans Picked Before Seeds Have Begun to Form.
So many beans were grown and canned by Victory gardeners last year that this vegetable was knocked right off the ration list. But that does not mean it will not go back again, with a shortage of canned beans for civilians, it even more than last year are not grown in Victory gardens of 1944.
Beans may have been the most widely grown vegetable in Victory gardens, and certainly were one of the big three—beans, carrots and tomatoes. No exact census could be taken. The reason for the popularity of beans no doubt was their willingness to grow even under the most adverse conditions, and the fact that young pod beans, fresh picked from the garden are among the most delicious of all vegetables.
Only home gardeners know this, since beans of this quality cannot be found in markets. Most vegetables are at their best when half-grown, though thrifty housewives always give preference to the big, and usually tougher ones, when they buy. For best quality snap beans should be used before seed

have begun to form, and the vines should be picked clean, and never permitted to mature seeds. This prolongs the harvest.
Wax and green beans differ chiefly in color; they are about equal in vitamin content and food value, and the taste is similar. But many gardeners consider that wax beans are more tender.
The one warning concerning their cultivation is not to work the patch while the leaves of the beans are wet, either with dew or from rain. Rust seems to follow. A rust spotted pod ruins it for culinary use, and this is about the only disaster likely to happen to a pod bean.
Pole beans are the heaviest yielders of the family, and in the small garden, will give more food for the space occupied than any other crop.
They are later in season and more tender to cold than bush beans. They should not be planted until the weather is settled and the ground warm. Plant six to eight seeds in a hill and thin out to the four strongest. The hills should be two feet apart.

LANDER

Lander, May 25—Mr. and Mrs. John Jarvis spent the weekend with the latter's sister Mrs. Warren Wilcox and family.
Mr. and Mrs. Frank Wilcox entertained at a family dinner on Sunday in honor of Mrs. Warren Wilcox's birthday, besides the honor guest and family were Miss Rose Mary Wilcox of Jamestown, Pvt. Roscoe Knapp of Sheppard Field, Texas, Mrs. Roscoe Knapp and sons of Sugar Grove, Mr. and Mrs. John Jarvis of Buffalo.
Rev. and Mrs. W. A. Fuller are leaving today to attend the district conference at Little Valley, N. Y., where Rev. Mottern a former pastor of Lander, has a charge in the M. E. church. They will go from there to Hornell, Warners and Fulton to visit friends and relatives. Fulton is Rev. Fullers boyhood home and he is returning there the first time in thirty-six years.
Miss Pauline Rowland attended a shower party for Mrs. Robert Branstrom at the home of Mr. and Mrs. Edwin Branstrom at Russell Saturday evening.
Mrs. Margaret Day accompanied Mr. and Mrs. J. G. Kellerman

of Youngville to Oil City Friday to attend the wedding of Miss Jane Gaulemund and Pfc. Richard Lee.

Pvt. and Mrs. Roscoe Knapp and sons were dinner guests of Mr. and Mrs. M. E. McKenzie on Tuesday.
Mr. and Mrs. Harry Ludwick entertained at a family dinner party at Levens in Jamestown Friday evening in honor of James and Walter Thompson, who leave May 29 for induction into the Navy. Following the dinner they attended a show. Besides Mr. and Mrs. Ludwick those present were Mr. and Mrs. James Thompson and son Kent of Youngville; Miss Audrey Wall of Russell; Mr. and Mrs. Walter Thompson; Mr. and Mrs. Floyd Marsh and son David; Mr. and Mrs. Donald Ludwick and son Larry; Carol Ludwick and Gilbert Ludwick all of Lander.

At the pre-school clinic held at the school house Tuesday there were eight pre-school children examined and eleven vaccinations given. Dr. A. A. Grant of Sugar Grove and Miss Ethel Hodges, county school nurse, conducted the clinic assisted by Miss Dorothy Tillotson, Mrs. Rose Falconer and Mrs. Helen Lindell. The clinic was sponsored by the P. T. A.

Youngsville Paid Homage To Its Dead

Youngsville, May 31—The observance of Memorial Day in Youngsville was directed by the Halgren Wilcox Post of the American Legion with E. E. Hendrickson as Marshal of the day. All of the program worked out very well with ideal weather and a good attendance.

The parade started from the school house at 10 a. m. with the Youngsville High School band in uniform and directed by Harvey Horn of the school faculty.

The colors and color guard followed with the guard of navy and army men now in service but home on furlough.

The American Legion in uniform and the Legion Auxiliary in cars came next with members of the Youngsville Volunteer Fire Company with Boy Scouts and Girl Scouts and leaders. There were four local groups and some from Pittsfield. The last of the parade was a large group of school children carrying flags.

At the cemetery the decorating of the sailor and soldier monument was accompanied by the ritualistic service of the orders closing with a salute to the dead and the sounding of "Taps".

Miss Augusta Johnson, Commander of the American Legion presided at the general service at the cemetery. A prayer was given by Warren Jones, American Legion chaplain. A selection was played by the high school band. Miss Margaret Peterson gave the Gettysburg address. A trio consisting of Miss Mary Sigworth of Warren and the Misses Carmen and Dorothy Hendrickson of Youngsville, sang "God Bless Our Boys."

A good address appropriate to the occasion was given by Rev. C. M. McIntyre, United Brethren pastor. The program closed with the singing of the National Anthem, lead by the high school band.

The members of the parade marched back to town at the conclusion of the program.

MEETING GOOD RESPONSE

An excellent response is already being made to the request of the Forty et Eight that the industries of the city help provide playing cards for the men in the service. Letters have been sent to the various industries of the county asking for donations to the fund and checks are coming in a manner that is pleasing. Any person who desires to aid in the cause can mail a check to The Playing Card Fund, care 40 and 8, American Legion Home, Warren, Pa.

A value of \$1,000,000 has been placed on England's annual honey harvest.

Lander was well represented at the blood bank in Warren Monday and Tuesday last week.

Ernest Stanton had the misfortune to fall in his barn Monday evening and break his shoulder.

Mrs. Thelma Prehdergast and Mrs. Jennie Lyon will meet with the girls desiring to join the 4H Club at 9:30 a. m. Tuesday June 6 at the Grange Hall.

QUAINTANCE CLASS HONORS MEMBERS

There were 48 guests Monday evening for the silver wedding anniversary party given by the Quaintance Class of the First Baptist church to honor Mr. and Mrs. William Hibner, 400 Edgewood Place.

The program given included a solo by Mrs. Edwin Jack; duet by Foster Maze and Miss Frances Peterson; a reading, composed by Mrs. M. G. Spaulding and given by Mrs. F. H. Hetrick. Marriage vows were renewed before a flower-banked fireplace in the home, with Rev. Ernst Ruark officiating.

To conclude, refreshments were served by the committee, Miss Catherine Hibner and Mrs. George Spinnery presiding at the attractive silver and white table. A three-tier wedding cake which centered the buffet was complete to miniature bride couple. H. D. Harris presented the couple with an appropriate gift from the group.

DISTRICT NURSES MEET AT STATE

Members of District Seven, Pennsylvania State Nurses Association, holding their quarterly meeting at Warren State Hospital, were addressed by J. Pierson Eaton on the topic "Legal Problems in Nursing", and received applications for membership from two Erie nurses.

The board of directors of the district held their regular meeting during the forenoon in the doctors' lounge, followed by a noon-time luncheon. Following the general meeting a tea was served in the nurses' home, with Capt. Mabel Parker, home on leave from Lawson General Hospital in Atlanta, Ga., as honored guest.

The first meeting of the nurses for the fall season will be at Buhl Hospital in Sharon on September 23.

Chapter 19

"WHY, the count came from New York," Zelda answered innocently, and picked up her coat and started toward the stairs. Cora pushed her glasses into position. "How did he know we were up here?"

"He didn't know we were up here. He called Pete's apartment to ask Pete where I was, and the maid told him that Pete was up here. Then he had a hunch that maybe I was up here too."

"Oh," said Cora, a little bit let-down. Then, "But even so, Zelda, I can't see how you can have forgotten the way he acted that night, leaving us flat during the raid on The Beantalk."

Zelda stopped. Then she came back. "Now see here, Cora, you may as well get used to the count and make up your mind to like him. He has explained everything to me satisfactorily. And beside, he's noticed that you dislike him and it makes him unhappy."

"Good," sniffed Cora.

"If a mere male is allowed a word," Pete said, "how does he justify his actions that night at The Beantalk, Zelda?"

"Well," Zelda hesitated, "I really shouldn't tell you—but you're being so difficult I'll have to. The fact is, Teddy's in this country on a secret mission."

"What kind of a secret mission?" Cora asked.

"I don't know. If I knew it wouldn't be secret, would it? It's in connection with the war, that's all I know about it. Under the circumstances he didn't want to be questioned by the police. Naturally it is important that he doesn't attract any attention to himself."

"Naturally," commented Pete, his face expressionless.

"Anyway," said Zelda, "He's the man I'm going to marry, Cora."

"He'll certainly attract attention if he marries you," Cora observed.

"We don't have to advertise it, do we?"

"Goodness," said Cora, "that'll make two secret missions. What a woman of mystery you'll be." She left the room.

"SO," said Pete after a minute, "you're going to marry Teddy. I hope you're sure—"

Zelda said: "Of course. When you're really in love, Pete, you know it."

"That's right."

His tone startled Zelda and she gave him a quick look. "Why, Pete—How do you know? You wouldn't be keeping something from me, would you?"

He knocked the ashes from his pipe. "No, of course not. I have no secret mission," he told her. "I'm going to bed."

Zelda followed him upstairs. She was busy putting two and two together as she went. Could it be possible there was some girl in Pete's life that she didn't know about? Yes, she decided, it could be possible. He had been acting unlike himself for quite a while. She had thought it was his failure to get in the Army that had depressed him. But now she wondered.

Instead of going to her own room she knocked on Cora's door. "Come in," The older woman was brushing her hair.

"Cora," Zelda said, "do you suppose Pete's in love?"

"I just had a feeling—Could it be possible?"

"Of course it could be possible. You don't think you've got a monopoly on the emotion, do you?"

"But with whom?"

Cora made no answer.

"Do you know?" Zelda demanded.

"Sure."

"Cora! Who?"

"That," said Cora, "is my secret mission."

Zelda went out without saying good night, and slammed the door.

192,975 Pounds Waste Paper Still In Warren Households

According to a telegram received today by the Times-Mirror from the Executive Committee of the U. S. Victory Waste Paper Campaign, 370 Lexington avenue, New York City, the Departments of Commerce has just released results of an inventory survey of waste paper lying idle in basements and attics in American households and farms. This study indicates that in April there were 850,000 tons of waste paper uncollected in this country.

An astonishing fact revealed is that figures indicate there are 192,975 pounds in Warren households based on the average of 46.1 pounds per family. The average household has 17.6 pounds of newspapers, 20.05 pounds of magazines, 5.2 pounds of brown kraft and 2.8 pounds of waste basket paper on hand.

Surrounding farms have approximately 57.5 pounds of waste paper per family.

This proves that although waste paper is number one critical war material there is plenty still to be had and that regular collection days should be established in order to improve the collection systems to get the 8,000,000 tons needed this year for essential military and civilian requirements, the telegram states.

Collections are increasing and April figures are most encouraging but demands for waste paper are increasing due to urgent war needs.

Concluding the telegram makes this appeal: "Please urge your readers to bundle up their idle paper and send it to war at once. Figures on available flow of waste paper per week in your community will be sent to you soon."

August, one of the year's hottest months, is the busiest season for war dealers in normal times, with January second.

Election Tomorrow At Plant Of National Forge & Ordnance

In accordance with an order from the National Labor Relations Board an election will be held at the plant of the National Forge and Ordnance Company, at Irvine to determine the bargaining agency of the employees. For some weeks past the representatives of the C.I.O. have been in the community at work on the employees of the company endeavoring to sell the idea of the Steelworkers Union. The election tomorrow will affect several hundreds of men at the plant and will be by secret ballot.

The National Forge and Ordnance Company has sent the following letter to all of its employees on the eve of the election urging all to take part in the balloting and setting forth some facts of interest to the men affected:

May 31, 1944

TO ALL EMPLOYEES:

You have seen the notices on the bulletin boards that the Labor Board will hold an election by secret ballot in the Plant on Friday, June 2nd. You will be eligible to vote in that election and we sincerely hope that you will cast your ballot.

You have the right to vote just as you please but there are certain things which we ask you to bear in mind:

First, consider the question carefully and remember that your vote may be most important to the results of the election.

Second, you can be sure that your vote will be absolutely secret. It makes no difference that you may have promised someone to vote one way or the other; when you come to mark your ballot you can make your own free choice.

Third, make your choice on the basis of what you know to be the facts. Anyone can make promises; it's performances that count.

Fourth, above all, don't fail to vote.

You have been made many promises to make you believe that you have got to choose the C. I. O. to handle your affairs. If you want this Union, that is your business. When you are told that you need it, that's where we disagree.

We have always believed in the policy of paying the highest possible wages and providing the finest working conditions. We don't think many employers can better our record on these points. Wage rates today are fixed by law and neither the Company nor anyone else can increase them without Government approval. It has been most fortunate that we had our wage premium plan and monthly bonus system in effect before the Wage Stabilization Act, because they have allowed you to continue to increase your earnings by increasing production. In addition, this Company has been able to make more wage advances than most employers because it was one of the first to obtain War Labor Board approval of a schedule of merit increases.

You will remember also that this Company was the first in this area to put in a paid vacation plan. Moreover since the plan started in 1937 every employee new or old, has gotten some vacation pay. You have had many other advantages over and above your wages and liberal vacation plan, which few employees enjoy, such as substantial Christmas remembrances, payment by the Company of your Social Security Taxes, free working clothes and laundry service, and a liberal Pension Plan financed by the Company.

These are but a few of the many benefits which have been worked out voluntarily because of our close cooperation and willingness to trust each other. We have had the utmost confidence in your continued loyalty and support and we believe that you have had confidence in the Company.

We sincerely believe that we can continue to get along very well as we have done in the past. We are therefore taking the liberty of asking you to consider the things which we have mentioned before taking an action which might change our relationships. However, the problem of voting in this election is your problem. We will be guided entirely by your choice.

Very truly yours,
J. C. Harrington,
President.

First Official Death Notice Of Soldier Is Received Here

Believed the first document of its kind received in Warren during the current world conflict, Claude M. Bliss, of Hatch Run, has just received from the War Department the following self-explanatory communication:

Since your son, Corporal Clinton A. Bliss, 12002848, Infantry, was reported missing in action 7 May 1942, the War Department has entertained the hope that he survived and that information would be revealed dispelling the uncertainty surrounding his absence. However, as in many cases, the condition of warfare deny us such information. The record concerning your son shows that he became missing in action in the Philippine Islands following the fall of Corregidor and that he was continued in missing in action status 7 May 1943 following a review of his case after twelve months' absence.

Full consideration has recently been given to all available information bearing on the absence of your son, including all records, reports and circumstances. These have been carefully reviewed and considered. In view of the fact that two years have now expired without the receipt of evidence to support a continued presumption of survival, the War Department must terminate such absence by a presumptive finding of death. Accordingly, an official finding of death has been recorded under the provisions of Public Law 490, 77th Congress, as amended.

The finding does not establish an actual or probable date of death; however, as required by law, it includes a presumptive date of death for the determination of pay and allowances, settlement of accounts and payment of death gratuities. In the case of your son this date has been set as 8 May 1944.

I regret the necessity for this message but trust that the ending of a long period of uncertainty may give at least some small measure of consolation. An appraisal of the suffering endured and the sacrifices made by your son in the service of his country compels in us feeling of humility and respect. May Providence grant a measure of relief from the anguish and anxiety you have experienced during these many months. Sincerely yours, Robert H. Dunlop, Brigadier General.

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pen and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with stinging and burning sometimes show there is something wrong with your kidneys or bladder.

Kidneys may need help the same as bowels, so ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

SOLDIER IN B'AZIL GETS PROMOTION

Brig. Gen. Ralph H. Wooten, commanding the United States Army Forces in the South Atlantic, announces the promotion of T/Sgt. James J. Newton from the rank of staff sergeant, according to a special communication received today from Brazil. Sgt. Newton, son of Mr. and Mrs. James M. Newton, of North Warren, has been in the army continuously since April, 1939. His first assignment was with the infantry in the Hawaiian Islands, where he spent two years. Returned to the United States, he was stationed at Fort Leavenworth as prison guard and clerk until June, 1943, when he was ordered to report for overseas duty. He has been in Brazil since that time, serving as chief clerk in the Theatre G-2 office. Sgt. Newton's brother, William M. Newton, is still in this country with an armored infantry unit.

GOOD CONDUCT MEDAL AWARDED

According to word received here today from Barksdale Field, La., Cpl. Verner Bloomquist, Sugar Grove RD 4, has been awarded a Good Conduct Medal at that field, where he is a member of an AAF base unit. The medal is awarded in recognition of one year's service without demerits.

Mr. and Mrs. Charles Berry have had word from their son, Pvt. Charles Berry, Jr., that he has been transferred from Barksdale Field, Shreveport, La., to Gulfport, Miss.

Mrs. William A. Galmist, 613 Fourth avenue, has had word that her husband, Sgt. Galmish, has been transferred from Camp Davis, N. C., to Fort Fisher in the same state.

Robert Landin, a member of the V-12, a training course at Penn State, spent the weekend with his parents, Mr. and Mrs. Ernest Landin, at Sugar Grove.

Mr. and Mrs. Ernest Thorpe of Sugar Grove have received a letter from their eldest son, John J. Thorpe, who has been stationed on a P-1 boat in the South Pacific since July 4, 1943, saying he received the rating of Chief Metal-smith. He has been in the Navy for two years.

Sgt. Norman W. Abbott, son of Mr. and Mrs. J. E. Abbott, of Sugar Grove, has recently undergone an appendectomy at the hospital at Camp Cooke, Calif., where he is stationed.

Mrs. Donna Thorpe Wilson of Sugar Grove has received a letter from her husband, T/S Theodore Wilson, AAF, telling her of his arrival in India. Mrs. Wilson had received no mail from her husband for three months previous to this letter.

PERSONAL PARAGRAPHS

Burton C. Erickson, with his wife and two children, left this morning for his home in Ferndale, Mich., suburb of Detroit, after spending the holiday weekend with his parents, Mr. and Mrs. B. R. Erickson, Franklin street. Miss Geraldine Erickson, employed in Cleveland, O., was at home for the weekend, also.

Mrs. W. M. Robertson, West Third avenue, left last evening for Faribault, Minn., to be the guest of her daughter, Miss Margaret, who is head mistress of St. Mary's Hall.

Gale L. Smith, who will be inducted into the Army June 9, flew to Warren from Erie to spend the holiday with his parents, Mr. and Mrs. L. P. Smith, Pennsylvania avenue, east.

HOW TO RUIN DRESSES AND LOSE FRIENDS

It's tragic how some girls lose their friends and ruin their dresses because of perspiration odor and stains. And there's no excuse for it! It's easy to save dresses, it's easy to save friends.

Use Arrid, the new cream deodorant that helps keep your armpits dry and removes the odor from perspiration. Arrid is safe and dependable for these 5 reasons:

1. Does not irritate skin. Does not rot dresses or men's shirts.
2. Prevents under-arm odor. Helps stop perspiration safely.
3. A pure white, antiseptic, stainless cream.
4. No waiting to dry. Can be used right after shaving.
5. Awarded Approval Seal of American Institute of Laundering—harmless to fabric. Use Arrid regularly.

Arrid is the largest selling deodorant. Sold at all stores selling toilet goods—10c, 39c and 59c a jar.

Veteran Hollingsworth, In Relief Role, Hurls Browns into Tie For American Lead

By JACK HAND

Associated Press Sports Writer) Four rookie pitchers celebrated their first big league victories today but the biggest thrill went to Hollingsworth, 34-year-old veteran of 17 baseball campaigns, who graduated into the 1944 win by boosting the St. Louis Browns to a first place tie with the New York Yankees.

Hollingsworth's relief chore went to the right side of the ledger when the Browns scored two runs in the ninth to tie the Washington Redskins on a 4-3 verdict in 11 innings.

As Joe McCarthy's clan had fallen before Detroit, 6-2, in the afternoon, St. Louis moved into a percentage point tie for the lead, .571 although they have played seven more games, won four more and lost three more than the Rams.

Forrest Orrell engineered Detroit's third straight over New York in a relief role as pinch-hitter. Al Unser belted Walt Dubiel for a bases-loaded home run with two out in the last of the ninth, Orrell, bought from Portland last year, was credited with his first in the big show.

Specs Kleiman of the Cleveland Indians also passed the test in the role of a fireman, getting his first major league triumph after replacing Vern Kennedy in Cleveland's 7-4 edge over Boston.

Calvin Coolidge McLish, 18-year-old graduate of Oklahoma City's American Legion team, made the grade for Brooklyn after two losses by turning back Pittsburgh with five hits for 8-4 win. Dixie Walker boosted his bulging

average to .436 on a double and two singles and Luis and Mickey Owen also were three-time hitters. Augie Galan homered for the Browns' night crowd of 14,773 and Jim Russell did the trick for the Pirates.

Frank Seward of the New York Giants was the fourth member of the "I won my first one" class as he survived a wobbly first inning to beat Chicago, 8-5. Nap Reyes dug himself in at third base with two home runs and a single that drove in six Giant runs. Danny Gardella of New York and Bill Nicholson and Dom Dalesandro of the Bruins also hit for the circuit.

Max Lanier's six game winning streak went by the boards as Boston pounded out a 5-1 edge behind Red Barrett. Max Macon and Connie Ryan belted round trippers for the winners who have beaten the Red Birds four out of six this year as compared to three out of 22 in 1943.

Ron Northey emerged from a hitting slump to single home Jimmy Wadell with the telling run as Charley Schanz hurled the Phils to a 5-4 nod over Cincinnati.

The Philadelphia-Chicago game in the American was rained out after three innings with the A's leading 2-0.

Miller Heads For Flock Of New Records

By JOE REICHLER

New York, June 1. (P)—Eddie Miller, of the Cincinnati Reds, baseball's leading shortstop the past four years, appears on his way to become the best fielding shortstop of all time.

The 27-year-old native of Pittsburgh seems destined to better his own fielding record of .983, established in 1942 when he made only 13 errors while tackling 748 chances in 142 games.

Including the game played May 31, Miller has accepted 205 chances in 37 games with only one error for a phenomenal fielding mark of .995. His lone miscue occurred in the third inning of the second game of a twin-bill against Boston on May 14. In getting set for an easy grounder Eddie took his eyes off the ball to see how far the runner from first had run to second.

If Miller continues to pace the shortfielders this year, he will tie Joe Tinker in leading the National League shortstops for five years. Miller's however, will be in a succession, whereas the best Tinker could do was two straight years.

Everett (Deacon) Scott of the Red Sox and Yankees holds the American League record, having led the circuit in fielding in each of eight seasons. Scott owns the junior league's best mark with .976 in 1918 and '19.

The Deacon averaged .968 for his eight best campaigns, a little over 24 errors per season in 144 games, never less than 17 errors. Miller's combined fielding mark for the last four years is .974, averaging a little less than 23 errors per season in 149 games, his lowest error total being 13 in 1942.

Tinker's five year mark is .948, an average of 29 errors per season. Marty Marion of the St. Louis Cardinals, Miller's closest rival, who many claim is the Red shortstop's superior, owns a .958 percentage for the last four years, with an average of 23 errors in 139 games a season.

Eddie holds the record for consecutive errorless chances, accepting 251 without a miscue in 1941.

Tickets For All-Star Game Now On Sale

Pittsburgh, June 1.—(P)—Tickets to the major league All-Star game, to be played here the night of July 11, went on sale—by mail only—at Forbes Field today. Under plans at a recent meeting at which Kenesaw Mountain Landis, baseball's high commissioner, presided, all reserved seat sales must be made by mail, with no more than four to be sold to a customer. Only bank drafts, money orders or certified checks, made payable to the Pittsburgh Athletic Co., Inc., will be accepted. Commissioner Landis, Ford Frick, National League president, and William Harridge, president of the American League, set prices at \$4.80 for box seats and \$3.60 for reserved seats.

Pirates Plan To Open Corry School

Pittsburgh, June 1.—(P)—The first of the Pittsburgh Pirates' baseball schools for boys with professional diamond ambitions opens in Corry next Thursday, June 8. President William E. Benswanger announced today. The school will be under direction of Jack Tinson, Corry high school coach, and Leo Mackey, Pirate scout. It will be open to all boys over 15. Benswanger said, and all candidates will be given a chance in all departments of the game. The school, with classes from 2 to 6 p. m., daily will continue through Saturday. Boys who show promise will be signed to contracts, Benswanger said.

SHIP POUNDS TO PIECES

The sea today was pounding the Liberty Ship Henry Bergli to pieces on the rocks of Farrallon islands, 30 miles west of the Golden Gate, but her more than 1,000 navy passengers were safe. The 10,500-ton vessel ran ashore in fog and rain at dawn yesterday while bringing the sailors home from war services in the South Pacific.

Schools Go All-Out For Bonds and Stamps Tuesday

Next Tuesday, June 6, is the date set by Warren borough schools for their final all-out effort in War Bonds and Stamps sales for the current school term, a period which has seen amassed a sales total of \$58,685.12, with a per capita of \$22.33 for a total enrollment of 2,628 students in the nine buildings of the borough.

Pupils will be urged to convert their school savings accounts and filled stamp books into bonds by Tuesday and teachers, in addition to following the example set by students, are urged to convert payroll deduction programs into bonds.

To the school which shows the best per capita total for the entire school year, there will be added a credit of one \$500 bond face value.

The record up to and including May 26, with the school, its enrollment figure, stamps and bonds total and per capita, in that order, is as follows:

High, 771, \$13,480.20—\$17.35; Beaty, 567, \$15,156.85—\$22.57; East, 197, \$1,815.55—\$9.22; Home, 117, \$4,214.73—\$36.02; Johnson, 256, \$6,552.95—\$25.21; Lacy, 225, \$5,724.55—\$25.44; McClintock, 141, \$2,251.00—\$15.96; Seneca, 41, \$1,528.59—\$37.28; South, 213, \$7,960.70—\$37.37.

TIMES TOPICS

OUTDOOR CONCERT
Harry A. Summers, instrumental music director in Warren borough schools, announces today that Wednesday, June 7, is the date set for the annual Senior Week Concert, to be presented on the lawn of Beaty school.

FIRST STRAWBERRY
Mrs. William Silile, 108 Grant street, comes up with the first ripe strawberry of the season. The berry was from a plant of the ever-bearing type and was a large, luscious one. Mrs. Silile has a large number of the plants and reports other berries are maturing and taking on the red color of the mature berry.

NEW MARKERS PLACED
Employees of the State Highway Department are now engaged in replacing the route markers through the city with newly painted and refurbished signs. The markers are frequently hit by automobiles and require a large amount of attention. The men are also engaged in a large road marking program and in this county there are 70 miles of highways on which the white lines have to be placed. This will entail the use of a large amount of paint and much manpower.

WILL DISCUSS PLAN
The Warren County Council of Defense will hold its regular meeting Friday afternoon at 4 o'clock in the office of the Council, Market street. At this session plans will be discussed and reports heard of the men recently at Harrisburg on the absentee voters plan. The plan has been evolved to carry out the voting for soldiers under the law recently passed by the state legislature at its last session. Under it a canvass will be made of every home in the county to ascertain the name and address of soldiers who are serving overseas. The task is an immense one and just how it will be carried out will be decided upon at the meeting to be held tomorrow.

WORKING ON INTERIOR
Interior work is now under way at the new addition to the Sylvania Electric Products, Inc., plant on East street. The contractor has the exterior work completed and electricians and other interior workers are now working long hours in an endeavor to complete the building on scheduled time. At the start of the work weather and the lack of workmen interfered with the program to some extent but in the face of these handicaps remarkable time was made. It is expected that the building can be occupied within a short time and operations at the plant can be extended. The new addition will add 20,000 feet of floor space to the plant.

TIMES TOPICS

MADE MERRY HERE
Stanley Merry, of Bradford, came to Warren yesterday and made merry here until he sort of wobbled in his stride when he attempted to get into his car near one of the local hotels. Police suggested that he had better wait for a time but Merry insisted that he drive and the police finally took him into protective custody.

FLOWER PRICES HIGH
Flower prices are high and over Memorial Day they skyrocketed in a manner that excited much comment. Reports are also to the effect that prices on flowering plants have doubled since last year. Whether or not there is a ceiling price on such articles is not known but if there is the local office of the Price Administration could get an earful by making an investigation of local prices.

WORK NEARING COMPLETION
Painters are now at work in the Segal building on Pennsylvania avenue, west, where an extensive remodeling program is being carried out in the building. The two upper floors are being converted into apartments and they will be modern in every way when the work is finished. Now plumbing and other installations have been made and the work has been under way for several months past.

OPEN FRIDAY NIGHT
Announcement was made this morning at the office of the War Manpower Commission that there is still a dire need for girls and women at the Sylvania plant and that the office of the Commission will be open Friday evening from 7 to 9 for the purpose of enlisting employees for the plant. During the past month several hundred women and girls have been placed but the need is still such that more and more women are employed.

PERSONNEL GROUP MET
One of the most interesting meetings of the Warren County Personnel Officers Association was held last evening at the YWCA. Dinner was served at 5:30 and following the dinner a business meeting was held at which time the annual election of officers took place. James Kannen, of the National Forge & Ordnance Company was chosen as president; Paul Leonhart, of the Warren Gear Products Company, vice president, and Sam Chesnut, of the Bashin Valve Company, secretary and treasurer. Mrs. Gallagher of the State College Extension Service spoke of the classes in labor management and safety engineering to be given here and of the opportunities which the courses offered. Following her address the National Forge & Ordnance Company gave some fine entertainment.

CLOROX CLEANLINESS

is especially important in these critical days for Greater Home Health Protection!

WHY TAKE CHANCES!

"When it's CLOROX-CLEAN it's hygienically clean!"

Protecting family health is a major responsibility at any time. And during these critical days it is more important than ever because of reduced medical facilities. A simple yet effective precaution... a basic step in health protection... is the use of Clorox in routine cleansing of home "danger zones". For Clorox goes far beyond ordinary cleansing. It disinfects, helps protect against many infection dangers. Clorox is intensified to germicidal action, yet is safe and always dependable. Clorox also bleaches white cottons and linens snowy white (brightens fast colors), makes them fresh-smelling, sanitary. There is only one Clorox... it is ultra-refined, free from caustic an exclusive, patented quality feature. Clorox has the same full strength, the same high quality standards, today as always. To provide greater health safeguards in your home, simply follow directions on the Clorox label.

AMERICANS FIGHT WITHIN SIGHT OF ROME

High Ridges Of Alban Hills Fall In Yankee Thrust

Infantrymen Have View of Eternal City After Driving New Wedge Into Enemy Defenses

FROSINONE CAPTURED

BULLETIN
Allied Headquarters, Naples, June 1—(P)—The Germans are falling back along the Via Casilina beyond Frosinone, while hard fighting continues between Valmontone and Velletri below Rome, headquarters announced tonight.

By NOLAND NORGARD

Allied Headquarters, Naples, June 1—(AP)—American soldiers fought today within sight of Rome, just visible from the highest ridges of the Alban Hills, captured in a deep thrust into the German defense.

"From these heights," wrote Associated Press Correspondent Edward Kennedy from the front, "the doughboys got their first glimpses of Rome—a hazy mass of buildings in the distance, from the midst of which rose the dome of St. Peter's, its lines just barely visible."

One Doughboy column breaking through east of Belletti plunged forward nearly 3,000 yards—almost two miles—and seized a point on Mount Pesciol Ridge, highest peak of the Alban Hills.

Jap Offensive On Verge Of Expanding On Four Fronts

By J. B. GRUEGER
Associated Press War Editor

Japan's great China offensive today appeared on the verge of expansion into a four-front battle aimed at wiping out new Allied air bases now virtually dominating enemy shipping along the Chinese coast.

From Chungking unofficial reports said the Japanese were massing in Indo-China, possibly for a drive on Kunming, U. S. air base on the Burma Road. From Honan province came news indicating the invaders were gathering for a new offensive, possibly against Chungking.

The Japanese now are moving south and west out of north-central China.

Chungking authorities said civilian evacuation had been completed in preparation for the fourth Chinese defense of the city.

The second offensive, west along the Yellow River in Honan, apparently was in temporary deadlock, with Chinese forces attacking in some places.

Airpower forged by Maj. Gen. Claire L. Chennault was the only weapon in which the poorly-equipped Chinese had an edge. Associated Press War Correspondent Clyde A. Farnsworth visited the new Chinese-American Composite Wing (CACW) in Honan and reported this small air group already had thrown a wrench into Japanese plans.

In Burma Chinese-American

troops pushed down the Gogaung valley capturing the enemy strong-point at Malakung. There was no new report of the fighting at Myitkyna, besieged by Lt. Gen. Joseph Stilwell's forces.

OIL CITY FIRM EXPANDS

Oil City, June 1—(P)—Fred F. Murray, president of Oil Well Supply Co., a U. S. Steel subsidiary, announced his company has contracted to acquire the Witte Engine Works, Kansas City.

The Witte Works, Murray said, will continue to manufacture small gas, gasoline and Diesel engines. Acquisition of the Witte concern will provide Oil Well Supply Co. with a line of engines for pumping units and other applications in other fields.

BIG FLOOD RECALLED

Pittsburgh, June 1—(P)—The Johnstown Flood Correspondents Association—now composed of a small membership of more than 200 men six members out of an original 35th anniversary meeting yesterday.

Only four of these six were present to talk about the flood which left 2,200 dead, destroyed 1,500 homes and caused a \$12,000,000 property loss.

Three Lost When Sub Stops Ship

Philadelphia, June 1—(P)—A German submarine stopped the neutral Portuguese refugee ship Serpa Pinto off Bermuda on a clear dark night and a calm sea last Friday, took two prisoners and warned the 385 crew members and passengers the ship would be sunk.

Three lives, including that of a sixteen-month-old baby, Beatrice Trupanski, were lost in the rush to launch lifeboats.

BULLETINS

London, June 1—(P)—King Peter of Yugoslavia today formally commissioned Dr. Ivan Subasic to form a new coalition government and appealed to the Serbs, Croats and Slovenes of his polyglot kingdom to lay aside their differences until peace "when they will be free to express their will."

Washington, June 1—(P)—The senate judiciary committee recommended today that the time for filing charges against persons responsible for the military debacle at Pearl Harbor be extended a full year from next Wednesday and that the army and navy proceed "forthwith" with investigations.

Chungking, June 1—(P)—American planes have swept 550 miles of railroad from Peiping to Pukow, across the Yangtze river from Hankow, destroying or damaging 22 locomotives, Lt. Gen. Stilwell's headquarters announced today.

Washington, June 1—(P)—Rep. Scanlon (D-Pa.) telling the house labor committee that 1,000,000 negroes are serving in the Armed Forces, said today legislation should be adopted now prohibiting discrimination by employers and unions when they return.

Washington, June 1—(P)—The 12,000 employees of the Brewster Aeronautical Corporation plants at Long Island City, N. Y., and Johnsville, Pa., appeared reasonably certain today to continue to hold jobs in war production despite the navy's termination of the contract.

Citrus Fruit Juices Will Be Point Free Sunday Next

According to an Associated Press dispatch received today from Washington, the Office of Price Administration announces all meats now ration-free will continue so during the period through July 1, and these principal changes in the rationing program effective next Sunday:

Canned carrots, orange juice, grapefruit juice and blended orange and grapefruit juice are added to the long list of point-free processed foods.

All varieties of cheese and cheese products are reduced two points a pound to a new value of 10 points.

The ration cost of canned evaporated and condensed milk is halved, dropping from one point for a pound to a half point.

The only increases ordered are for pineapple juice, up three points to 15 for a No. 2 can, and grape juice, boosted four points to 10 for a pint container.

Butter stays at 12 points a pound and margarine at two points.

Choice beef steaks and roasts continue to be the only meat cuts requiring ration stamps. Values are unchanged, with one exception: Chuck steaks and roasts are cut two points a pound. Flank steak remains point-free.

All grade D beef is removed from rationing for the June period, but OPA said today very few steaks and roasts of this lower quality are sold at retail. Most of the meat from these animals is made into hamburger and sausage.

In continuing the ration-free meat bargains, the agency said over-all civilian supply for June averages 310,136,000 pounds a week, a 9.6 per cent increase over the 282,859,000 pounds a week in May.

Beef, veal, lamb, mutton and variety meats will be in more plentiful supply in the new period. Pork, while still coming to market in amounts exceeding demand, will fall slightly in volume.

Philadelphia Playing Host To Governors

Philadelphia, June 1—(P)—Relaxing after three days of speech listening and speech making, seven governors toured the city's historic high spots today after an unprecedented dinner last night at which speakers' honors at Philadelphia's Solidly Republican Union League were shared by Republicans and Democrats.

Governor J. Melville Broughton, Democrat of North Carolina, told the Union League audience that:

"We in North Carolina know the meaning of states' rights. We fought for them. In the end, of course, we surrendered to federal government—an example which has been followed in recent years by states to the north, east and west of us."

Broughton said earlier that he "watched with interest the maneuverings" of Republicans over the presidential nomination at the governors' conference.

Sensational Trial At Capital Ends

Washington, June 1—(P)—Gray-haired Robert I. Miller, victorious in his trial for murder in the shooting of his wife's lover, was free today to resume his accustomed role of defending others charged with crime.

The 67-year old attorney, acquitted of the murder charge last night, won his case with the aid of fellow lawyers who based the defense on testimony that he shot Dr. John E. Lind, 57, in self-defense when the psychiatrist reached for a gun as Miller attempted to get Mrs. Miller, 42, out of Lind's car. The slaying occurred in the downtown shopping district February 21 and was a sensation in the capital.

SEC. OF WAR REPORTS ZERO HOUR IS NEAR

U. S. Forces Ready to Take Advantage of Preliminary Air Assaults, Stimson Says

STEADILY INCREASING

Washington, June 1—(AP)—Secretary of War Stimson said today that with 3,657,000 army troops already overseas, the deployment of air and service forces is practically completed "and the period of decisive action is at hand."

The bulk of forces now moving out of the United States to combat areas is composed of ground troops prepared to use captured bases and take advantage of the preliminary air assaults for the final blows against the enemy, the secretary told a news conference, adding:

"The United States army today has 3,657,000 soldiers deployed outside the continental United States in theatres of operation throughout the world, striking and preparing to strike victory winning blows by land, from the sea and in the air against Germany and Japan."

This force, at the end of projected supply lines stretching more than 56,000 miles and reaching into every continent, represents approximately 47 per cent of the total strength of the army.

"By the end of 1944, the number of troops overseas will be increased to more than 5,000,000 men, approximately two-thirds of total strength."

Stimson said that the overseas strength of the army exceeds the peak overseas strength in World War I by 1,571,000 men, and is only 400,000 men short of the total strength of the army at the close of the World War.

Stimson said the air forces, with a total strength of approximately 2,557,000, has slightly less than half of that personnel already overseas. The AAR has more than 75,000 airplanes, including 34,000 combat planes, he said, and more than one-half of the combat plane strength is overseas, "making the AAR the world's most formidable aerial striking force in point of size and fire power."

Outside of continental United States and United States territories, the AAF has approximately 925 bases, of which 750 are air-ports.

Trolleys And Buses Are Idle In St. Louis

By the Associated Press

All street cars and buses in St. Louis were idle today as 3,500 operators went on strike while elsewhere along the country's labor front conditions eased somewhat as workers in several industries ended walkouts which yesterday had kept idle some 50,000 men and women.

The strike of St. Louis transportation operators, members of the Amalgamated Street and Electric Railway and Motor Coach Employees of America Union (AFL), was reportedly over an overtime pay controversy.

The Pacific Northwest lumber and logging industry resumed partial production as AFL unions indicated willingness of about 30,000 workers to go back to their jobs after a week's work-stoppage. However, the CIO Columbia river district council, claiming 15,000 membership, said it could not recommend a return to work.

In Detroit, scene of many labor disputes in war production plants during the last several weeks, only one controversy remained to be settled—the strike of 1,900 CIO unionists at Parke Davis and Company.

Striking bakery drivers in the Michigan metropolis yesterday voted to resume bread deliveries.

A second strike in Detroit also ended last night when 1,500 employees of the Federal Mogul Company returned to work after staying away from their jobs for five days.

Bread supplies were scarce in Toledo and Cincinnati, Ohio, as the strike of employees of shops supplying about 75 per cent of the market continued.

Directors Act To Discourage Sororities and Fraternities In Public Schools of Warren

A resolution which will have far-reaching effect on extra-curricular activities in Warren High and Beaty schools was presented by Principals Floyd Bathurst and H. D. Harris at last night's special meeting of the school board and given that body's unanimous approval. The regulation, effective with the beginning of the new school term in the fall, reads:

"No pupil enrolled in Warren High School or in Beaty school who is a member of a sorority or a fraternity shall be eligible to take part in any school activity, including athletics, music, dramatics, school publications or any other activity sponsored by either school, nor shall such pupil be eligible to hold any office within the gift of the schools, either elective or appointive. Administrative officials of both schools will be charged with seeing that this regulation is strictly enforced."

Action was also taken at this meeting for adoption of the budget for the fiscal year beginning July 3, the sum of \$378,078.64 continuing the current 22 mills on real estate and the per capita tax of \$5.

A letter was read from the Chamber of Commerce requesting continuance of the high school band through the summer months.

The board approving with the provision that there is an enrollment of 25 or more for rehearsals to be held at the high school building from 7:00 to 9:00 p. m. on Monday and Wednesday evenings for a period of 12 weeks through the summer.

Board members accepted the resignation of Myrtle Miller Secor and ordered a letter of appreciation sent to Frances Ekke, oral hygienist in the schools for 20 years, who is soon to be married and has not renewed her contract.

Dorothy Peterson, graduate of Warren High School in 1940, of Grove City College in 1944 and currently teaching in Meadville, was elected to teach commercial and social subjects next term. R. Pierson Eaton was named solicitor for a period of one year. Permission was granted Mrs. T. H. Conway and Mrs. Earl Stricker to continue to use their private kindergartens in the East and Johnson buildings.

Federal grants of \$921.84 for the lunch program during April and \$151.58 for defense training were acknowledged. A request was received from Mrs. Walter Mathew, president of the Community PTA Council, for use of the Beaty building for youth activities during the summer months, the board expressing interest in the program but requiring that each event planned be submitted before approval is granted. A request for occupation of a building on the academy lands was refused, the board deciding to remove the building and fill in the property.

The committee on grounds presented a plan whereby the board would enter into a ten-year contract with the borough for use of the Lacy and Home street grounds (Turn to Page Eleven)

Government Getting Out of Coal Business

By JOSEPH A. LOFTUS

Washington, June 1—(P)—Prospects were bright today that the government will be completely out of the coal business in the next week or two, 13 months after the first invasion of the pits was ordered in an attempt to forestall a production tie-up.

Interior Secretary Ickes withdrew control yesterday from mines producing 60 per cent of the soft coal, with the admonition that "management and labor are now on trial to prove to the nation they can fulfill their wartime responsibilities under their own power" and "the new wage contract should end this intolerably long period of labor unrest."

Soft coal properties still under government control are those of the Southern Coal Producers' Association members, who have not signed a wage contract with the United Mine Workers, and certain scattered operations from which work is awaited as to execution of the new contract.

Release of the anthracite mines awaits only a formal ratification of the contract by a Tri-District Union Convention in Pennsylvania.

DEM. WOMEN MEETING
ALTOONA, June 1—(P)—The Pennsylvania Federation of Democratic Women opened a three-day convention here today with Mrs. Myrtle H. Beard, of Wyomissing, presiding.

There is still conviction in some quarters, however, that the president may make the trip, not especially to see the French leader, but primarily to get a closer look at the war and to thrash out some tough political problems with the British prime minister.

Policies as to Spain and Turkey are considered in official quarters to be troublesome. The constant question is how far to press these neutrals, and also Sweden, to cut their trade with the Axis.

Speculation On Congress Hears Wallace Has Blessing of Chief Executive

By JACK BELL
Associated Press Staff Writer

Reports spread in congressional circles at Washington today that Vice President Wallace has received presidential best wishes for success in his campaign for second place renomination on a ticket many expect Mr. Roosevelt will head in a fourth term bid.

The reports were linked to a conference Wallace had with the president shortly before he took off recently for Siberia and China. Friends in the senate said Wallace obviously was pleased with the result of a discussion with the president touched upon political as well as diplomatic matters.

While there has been a clamor on the part of some party members, particularly in the south, for Wallace's replacement, many legislators have come to the conclusion that Mr. Roosevelt will not countenance a change.

This development on the Democratic side same as Indiana, the next to the last state to form a delegation to the June 26 Republican nominating committee convention, began picking its 29 delegates. Twenty two will be chosen in district caucuses tonight and the other seven at the state convention Friday.

NAZI DEFENSES HAMMERED IN NIGHT ATTACK

Installations Along Channel Coast and Rail Centers Targets of Simultaneous Assaults

DAYLIGHT FLIERS IDLE

BULLETIN
London, June 1—(P)—Strong formations of medium bombers and fighters were observed crossing the channel late today in the direction of Boulogne and Dieppe on the French invasion coast.

By GLADWIN HILL

London, June 1—(AP)—In simultaneous overnight assaults, powerful forces of RAF bombers hammered the Nazi defense installations along the French channel coast and fanned out over a 200-mile front in France to blast three of the largest railroad centers through which the Germans are shutting their forces to meet the impending invasion.

Murky weather prevailed over the English Channel early today, however, and there were no signs of daylight aerial operations from Britain—the first lull in the Allied offensive in two weeks, although heavy bombers did not go out last Friday. At 9 a. m. (3 a. m. EDT) the German radio reported that the Reich was free of enemy planes and one hour later broadcast that "single enemy planes were approaching"—apparently on reconnaissance missions.

Halifaxes and Wellingtons of the Mediterranean Allied air force bombed railroad track works by the Danube river's iron gate canal on the Romania-Yugoslavia border last night.

After a one-night interval the Germans again sent some planes against England. These raiders dropped over East Anglia and dropped a few bombs, but they appeared to be mainly "on the snoop."

It was officially reported that no one was hurt by the German foray and only slight damage was caused.

In daylight raids yesterday powerful forces totaling possibly 3,500 Allied planes struck from the west and south, bombarding the four German rail centers of Hamm, Osnabruck, Schwerte and Coast and the Nazi oil source at Ploesti in Romania.

The attack from British bases against the transportation hubs drew from 750 to 1,000 U. S. heavy bombers, escorted for the fourth consecutive day by more than 1,200 fighters, carry out their mission at a cost of one bomber and four fighters.

Denatured Alcohol Proves Fatal to 14

New York, June 1—(P)—A third person was under arrest on homicide charges today in connection with sales of denatured alcohol which has caused 14 deaths in Brooklyn since Saturday.

Thomas Fatone, 44, surrendered yesterday, saying he had learned he was being sought. Police charge he delivered 20 gallons of denatured alcohol to Mrs. Sophie Krissinas, 30, at her Brooklyn waterfront candy store Thursday and was paid \$96.

Mrs. Krissinas and her husband, George, cooperator of the store, accused of having dispensed the alcohol to those who died, have been in custody since the first of the week, also charged with homicide.

Police said they refused to leave their jail cells to identify Fatone.

What May Be Most Fateful Month of War Begins Today

By JAMES M. LONG

London, June 1—(P)—June—perhaps the most fateful month of the war—began with an air attack on the Germans' channel front defenses so terrific it shook the English coast, while at the opposite end of Hitler's uneasy European siege stand, Marshal Tito ordered his Yugoslavs into an all-out attack, and Turkey was reported likely to move into war at the Allies' invasion signal.

Marshal Tito's order of the day called for a decisive assault "particularly now when the last blow of the Red Army and Anglo-American Allied troops is approaching," and his communique announced capture of an enemy base in Dalmatia and hard blows along the whole Nazi line.

Across the Adriatic, Americans fought their way into sight of the towers of Rome as Field Marshal Albert Kesselring continued his retreat, unable to call upon reserves for which Field Marshal Gen. Karl Rudolf Gerd von Rundstedt has first priority along the tense western front.

Across the murky channel were thunderstorms added to the explosive fury of the Allied air onslaught on the Nazis' front line, the Germans tightened their control of all France to an active operations basis.

The latest move in breaking up all gatherings was a Vichy radio announcement that all horse racing had been cancelled "owing to the present situation."

bers, particularly in the south, for Wallace's replacement, many legislators have come to the conclusion that Mr. Roosevelt will not countenance a change.

This development on the Democratic side same as Indiana, the next to the last state to form a delegation to the June 26 Republican nominating committee convention, began picking its 29 delegates. Twenty two will be chosen in district caucuses tonight and the other seven at the state convention Friday.

The only state then left to act will be Nevada, where six delegates will be chosen June 10. Two each are yet to be selected to represent Puerto Rico and the Philippines.

The family were residents of Sugar Grove.

Classes At An End For Pupils
Of High School For the Year

Wednesday was really the last day of very serious work for Warren High School seniors, although today is listed as the last day of classes on the official school calendar. Today's activities consisted principally of returning books and taking care of odds and ends.

Graduates will assemble in the high school auditorium at ten o'clock Friday morning for issuance of caps and gowns and tickets for commencement. As previously announced, each senior is given three tickets of admission, two in color for their parents for the best available seats in the Presbyterian auditorium and a white ticket for one admission outside this reserved section.

Also listed for tomorrow is the junior-senior prom to be held from nine until one o'clock in the Beaty school gym. Dress will be formal and one member of each couple must be a member of the Class of 1944 or '45.

Previously scheduled for this week but held up because of the wartime manpower shortage in industry is the distribution of the school annual, The Dragon, still in the bindery in Pittsburgh, it is hoped the yearbook will be here early next week.

Baccalaureate for the seniors will be Sunday evening in First Presbyterian church and Class Night will be held at the YWCA activities building on Monday, dinner tickets to be bought at the school no later than today.

Warren Plastic
Corp. Buys
Large Factory

The Warren Plastics Corporation has announced their purchase of the Warren Chair Works property on Fourth avenue from the Phenix Furniture Company.

When interviewed, the officials of the Warren Plastics Corporation reported that they had no immediate use for the property but as soon as equipment became available for the production of plastic powders they plan to set up the plant for that purpose.

They reported that the plastic molding machines being built would have a consumption of over 60 tons to molding powder per month, an dthat they ultimately propose to compound these materials locally.

Personal
Paragraphs

Mrs. Fred Steber, who underwent quite a serious operation at Hamot Hospital in Erie some weeks ago has been brought home but as yet no visitors are allowed to see her. Her condition however, is reported to be as good as can be expected.

Mr. and Mrs. Jack Neeley, of Harrisburg are spending a few days in the city with friends and relatives.

Mr. and Mrs. Gilbert Seigworth, Warren-Jamestown road, are leaving Friday for Towanda, where the former is highway superintendent for Bradford county.

Miss Dorothy Mae Murray and Miss Bea Sheaf have returned to New York City, after spending two weeks with the former's mother, Mrs. Madeline Murray, of Sugar Grove, and her sister, Mrs. Marie Thornton, at Ludlow.

Mrs. Marcey Bedez, of Clarendon, is spending a few days with her daughters, Mrs. Charles Sharp and Mrs. Anthony Pokosh, in Wesleyville.

Dr. E. D. McKee, of St. Petersburg, Fla., arrived yesterday to spend the summer in Warren and will be located at 19 Third avenue.

Mr. and Mrs. Fred Mills, of Harrisburg, are guests of J. M. Mills and Mary Mills, Crescent street.

James Tredico and wife spent yesterday in Erie where Mrs. Tredico is under medical care of a specialist in that city. Mr. Tredico, who is a lieutenant of the Fire Department spent some time at Erie fire stations where he secured much information for the betterment of his work here.

Victory Gardens Knock Beans Off Ration List

Keep Beans Picked Before Seeds Have Begun to Form.

So many beans were grown and canned by Victory gardeners last year that this vegetable was knocked right off the ration list. But that does not mean it will not go back again, with a shortage of canned beans for civilians, it is even more than last year are not grown in Victory gardens of 1944.

Beans may have been the most widely grown vegetable in Victory gardens, and certainly were one of the big three—beans, carrots and tomatoes. No exact census could be taken. The reason for the popularity of beans no doubt was their willingness to grow even under the most adverse conditions, and the fact that young pod beans, fresh picked from the garden are among the most delicious of all vegetables.

Only home gardeners know this, since beans of this quality cannot be found in markets. Most vegetables are at their best when half-grown, though thrifty housewives always give preference to the big, and usually tougher ones, when they buy. For best quality snap beans should be used before seed

have begun to form, and the vines should be picked clean, and never permitted to mature seeds. This prolongs the harvest.

Wax and green beans differ chiefly in color; they are about equal in vitamin content and food value, and the taste is similar. But many gardeners consider that wax beans are more tender.

The one warning concerning their cultivation is not to work the patch while the leaves of the beans are wet, either with dew or from rain. Rust seems to follow. A rust spotted pod ruins it for culinary use, and this is about the only disaster likely to happen to a pod bean.

Pole beans are the heaviest yielders of the family, and in the small garden will give more food for the space occupied than any other crop.

They are later in season and more tender to cold than bush beans. They should not be planted until the weather is settled and the ground warm. Plant six to eight seeds in a hill and thin out to the four strongest. The hills should be two feet apart.

LANDER

Lander, May 25—Mr. and Mrs. John Jarvis spent the weekend with the latter's sister Mrs. Warren Wilcox and family.

Youngsville Paid Homage To Its Dead

Youngsville, May 31—The observance of Memorial Day in Youngsville was directed by the Hildgren Wilcox Post of the American Legion with E. E. Hendrickson as Marshal of the day. All of the program worked out very well with ideal weather and a good attendance.

The parade started from the school house at 10 a. m. with the Youngsville High School band in uniform and directed by Harvey Horn of the school faculty.

The colors and color guard followed with the guard of navy and army men now in service but home on furlough.

The American Legion in uniform and the Legion Auxiliary in cars came next with members of the Youngsville Volunteer Fire Company with Boy Scouts and Girl Scouts and leaders. There were four local groups and some from Pittsfield. The last of the parade was a large group of school children carrying flags.

At the cemetery the decorating of the sailor and soldier monument was accompanied by the ritualistic service of the orders closing with a salute to the dead and the sounding of "Taps."

Miss Augusta Johnson, Commander of the American Legion presided at the general service at the cemetery. A prayer was given by Warren Jones, American Legion chaplain. A selection was played by the high school band. Miss Margaret Peterson gave the Gettysburg address. A trio consisting of Miss Mary Sigworth of Warren and the Misses Carmen and Dorothy Hendrickson of Youngsville, sang "God Bless Our Boys."

A good address appropriate to the occasion was given by Rev. C. M. McIntyre, United Brethren pastor. The program closed with the singing of the National Anthem, lead by the high school band.

The members of the parade marched back to town at the conclusion of the program.

QUAINTANCE CLASS HONORS MEMBERS

There were 48 guests Monday evening for the silver wedding anniversary party given by the Quaintance Class of the First Baptist church to honor Mr. and Mrs. William Hibner, 400 Edgewood Place.

The program given included a solo by Mrs. Edwin Jack; duet by Foster Maze and Miss Frances Peterson; a reading, composed by Mrs. M. G. Spaulding and given by Mrs. F. H. Hetrick. Marriage vows were renewed before a flower-banked fireplace in the home, with Rev. Ernst Ruark officiating.

To conclude, refreshments were served by the committee, Miss Catherine Hibner and Mrs. George Spinnery presiding at the attractive silver and white table. A three-tier wedding cake which centered the buffet was complete to miniature bride and groom. H. D. Harris presented the couple with an appropriate gift from the group.

DISTRICT NURSES MEET AT STATE

Members of District Seven, Pennsylvania State Nurses Association, holding their quarterly meeting at Warren State Hospital, were addressed by Pierson Eaton on the topic "Legal Problems in Nursing", and received applications for membership from two Erie nurses.

The board of directors of the district held their regular meeting during the forenoon in the doctors' lounge, followed by a noon-time luncheon. Following the general meeting a tea was served in the nurses' home, with Capt. Mabel Parker, home on leave from Lawson General Hospital in Atlanta, Ga., as honored guest.

The first meeting of the nurses for the fall season will be at Buhl Hospital in Sharon on September 23.

LADY IN A WHIRL

By Esther Valck Georgins

Chapter 19

"WHY, the count came from New York," Zelda answered innocently, and picked up her coat and started toward the stairs. "Cora pushed her glasses into position. 'How did he know we were up here?'"

"He didn't know we were up here. He called Pete's apartment to ask Pete where I was, and the maid told him that Pete was up here. Then he had a hunch that maybe I was up here too."

"Oh," said Cora, a little bit let-down. Then, "But even so, Zelda, I can't see how you can have forgotten the way he acted that night, leaving us flat during the raid on The Beanstalk."

Zelda stopped. Then she came back. "Now see here, Cora, you may as well get used to the count and make up your mind to like him. He has explained everything to me satisfactorily. And besides, he's noticed that you dislike him and it makes him happy."

"Good," sniffed Cora.

"If a mere male is allowed a word," Pete said, "how does he justify his actions that night at The Beanstalk, Zelda?"

"Well," Zelda hesitated. "I really shouldn't tell you—but you're being so difficult I'll have to. The fact is, Teddy's in this country on a secret mission."

"What kind of a secret mission?" Cora asked.

"I don't know. If I knew it wouldn't be secret, would it? It's in connection with the war, that's all I know about it. Under the circumstances he didn't want to be questioned by the police. Naturally it is important that he doesn't attract any attention to himself."

"Naturally," commented Pete, his face expressionless.

"Anyway," said Zelda. "He's the man I'm going to marry, Cora."

"He'll certainly attract attention if he marries you," Cora observed.

"We don't have to advertise it, do we?"

"Goodness," said Cora. "That'll make two secret missions. What a woman of mystery you'll be." She left the room.

"SO," said Pete after a minute, "you're going to marry Teddy. I hope you're sure."

Zelda said: "Of course. When you're really in love, Pete, you know it."

"That's right."

His tone startled Zelda and she gave him a quick look. "Why, Pete—How do you know? You wouldn't be keeping something from me, would you?"

He knocked the ashes from his pipe. "No, of course not. I have no secret mission," he told her. "I'm going to bed."

Zelda followed him upstairs. She was busy putting two and two together as she went. Could it be possible there was some girl in Pete's life that she didn't know about? Yes, she decided, it could be possible. He had been acting unlike himself for quite a while. She had thought it was his failure to get in the Army that had depressed him. But now she wondered.

Instead of going to her own room she knocked on Cora's door. "Come in," The older woman was brushing her hair.

"Cora," Zelda said, "do you suppose Pete's in love?"

"What makes you ask that?"

"I just had a feeling—Could it be possible?"

"Of course it could be possible. You don't think you've got a monopoly on the emotion, do you?"

"But with whom?"

Cora made no answer.

"Do you know?" Zelda demanded.

"Sure."

"Cora! Who?"

"That," said Cora, "is my secret mission."

Zelda went out without saying good night, and slammed the door.

"He makes me think," Cora told her. "Pete one afternoon a week or so later, 'of one of those peaches you pay fifty cents for—and then when you bite into it, it's no good.' She was speaking of the count, of course."

Pete laughed. "You're just upset because you can't find anything wrong with him."

"I've an instinct about such things," Cora stated. "I don't have to see things always. I can feel them."

"You're batty," Pete assured her. "I don't object to his lordship—but I'm getting damn tired of watching them moon about the place. I think I'll go back to New York. . . ."

The next morning when she awoke Zelda complained of a slight sore throat, and Cora insisted that she have her breakfast in bed and stay there until she felt better.

Cora hovered over her until finally Zelda said, "Go along. I'll sleep a while."

It was only the middle of the morning and still a couple hours until lunch. Cora decided to take a walk.

Pete was sitting by the brook with his pipe and his notebooks. He refused her invitation to accompany her.

"Where's the count?" she asked, as she started out.

"I haven't seen him since breakfast. I think he went for a walk too."

"He spends an awful lot of time in the woods," Cora remarked. "Too bad he doesn't fall off a cliff and break his neck."

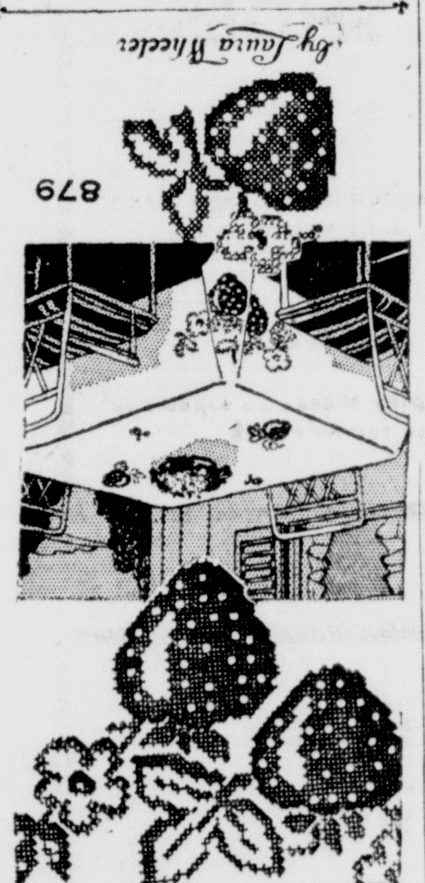

"Gosh, you've got a sweet disposition."

"Well—not so sweet maybe, but frank," Cora grinned. "And don't try to fool me, Peter. You don't like him any better than I do."

Cora headed for the path that lead up the mountain.

192,975 Pounds Waste Paper Still In Warren Households

According to a telegram received today by the Times-Mirror from the Executive Committee of the U. S. Victory Waste Paper Campaign, 370 Lexington avenue, New York City, the Departments of Commerce has just released results of an inventory survey of waste paper lying idle in basements and attics in American households and farms. This study indicates that in April there were 850,000 tons of waste paper uncollected in this country.

An astonishing fact revealed is that figures indicate there are 192,975 pounds in Warren households based on the average of 46.1 pounds per family. The average household has 17.6 pounds of newspapers, 20.05 pounds of magazines, 5.2 pounds of brown kraft and 2.8 pounds of waste basket paper on hand.

Surrounding farms have approximately 57.5 pounds of waste paper per family.

This proves that although waste paper is number one critical war material there is plenty still to be had and that regular collection days should be established in order to improve the collection systems to get the 8,000,000 tons needed this year for essential military and civilian requirements, the telegram states.

Collections are increasing and April figures are most encouraging but demands for waste paper are increasing due to urgent war needs.

Concluding the telegram makes this appeal: "Please urge your readers to bundle up their idle paper and send it to war at once. Figures on available flow of waste paper per week in your community will be sent to you soon."

August, one of the year's hottest months, is the busiest season for fur dealers in normal times, with January second.

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

If you have an excess of acid in your blood, 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste.

When disorder of kidney function permits poisons to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Kidneys may need help the same as bowels, so ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Election Tomorrow At Plant Of National Forge & Ordnance

In accordance with an order from the National Labor Relations Board an election will be held at the plant of the National Forge and Ordnance Company, at Irvine, to determine the bargaining agency of the employees. For some weeks past the representatives of the C.I.O. have been in the community at work on the employees of the company endeavoring to sell the idea of the Steelworkers Union. The election tomorrow will affect several hundreds of men at the plant and will be by secret ballot.

The National Forge and Ordnance Company has sent the following letter to all of its employees on the eve of the election urging all to take part in the balloting and setting forth some facts of interest to the men affected:

May 31, 1944
TO ALL EMPLOYEES:

You have seen the notices on the bulletin boards that the Labor Board will hold an election by secret ballot in the Plant on Friday, June 2nd. You will be eligible to vote in that election and we sincerely hope that you will cast your ballot.

You have the right to vote just as you please but there are certain things which we ask you to bear in mind:

First, consider the question carefully and remember that your vote may be most important to the results of the election.

Second, you can be sure that your vote will be absolutely secret. It makes no difference that you may have promised someone to vote one way or the other; when you come to mark your ballot you can make your own free choice.

Third, make your choice on the basis of what you know to be the facts. Anyone can make promises; it's performances that count.

Fourth, above all, don't fail to vote.

You have been made many promises to make you believe that you have got to choose the C. I. O. to handle your affairs. If you want this Union, that is your business. When you are told that you need it, that's where we disagree.

We have always believed in the policy of paying the highest possible wages and providing the finest working conditions. We don't think many employers can better our record on these points. Wage rates today are fixed by law and neither the Company nor anyone else can increase them without Government approval. It has been most fortunate that we had our wage premium plan and monthly bonus system in effect before the Wage Stabilization Act, because they have allowed you to continue to increase your earnings by increasing production. In addition, this Company has been able to make more wage advances than most employers because it was one of the first to obtain War Labor Board approval of a schedule of merit increases.

You will remember also that this Company was the first in this area to put in a paid vacation plan. Moreover since the plan started in 1937 every employee (new or old) has gotten some vacation pay.

You have had many other advantages over and above your wages and liberal vacation plan, which few employees enjoy, such as substantial Christmas remembrances, payment by the Company of your Social Security Taxes, free working clothes and laundry service, and a Liberal Pension Plan financed by the Company.

These are but a few of the many benefits which have been worked out voluntarily because of our close cooperation and willingness to trust each other. We have had the utmost confidence in your continued loyalty and support and we believe that you have had confidence in the Company.

We sincerely believe that we can continue to get along very well as we have done in the past. We are therefore taking the liberty of asking you to consider the things which we have mentioned before taking an action which might change our relationships. However, the problem of voting in this election is your problem. We will be guided entirely by your choice.

Very truly yours,
J. C. Harrington,
President.

First Official Death Notice Of Soldier Is Received Here

Believed the first document of its kind received in Warren during the current world conflict, Claude M. Bliss, of Hatch Run, has just received from the War Department the following self-explanatory communication:

Since your son, Corporal Clinton A. Bliss, 12002448, Infantry, was reported missing in action 7 May 1942, the War Department has entertained the hope that he survived and that information would be revealed dispelling the uncertainty surrounding his absence. However, as in many cases, the condition of warfare deny us such information. The record concerning your son shows that he became missing in action in the Philippine Islands following the fall of Corregidor and that he was continued in missing in action status 7 May 1943 following a review of his case after twelve months' absence.

Full consideration has recently been given to all available information bearing on the absence of your son, including all records, reports and circumstances. These have been carefully reviewed and considered. In view of the fact that two years have now expired without the receipt of evidence to support a continued presumption of survival, the War Department must terminate such absence by a presumptive finding of death. Accordingly, an official finding of death has been recorded under the provisions of Public Law 490, 77th Congress, as amended.

The finding does not establish an actual or probable date of death; however, as required by law, it does establish a presumptive date of death for the determination of pay and allowances, settlement of accounts and payment of death gratuities. In the case of your son this date has been set as 8 May 1944.

I regret the necessity for this message but trust that the ending of a long period of uncertainty may give at least some small measure of consolation. An appraisal of the suffering endured and the sacrifices made by your son in the service of his country compels in us feeling of humility and respect. May Providence grant a measure of relief from the anguish and anxiety you have experienced during these many months. Sincerely yours, Robert H. Dunlop, Brigadier General.

Veteran Hollingsworth, In Relief Role, Hurls Browns into Tie For American Lead

By JACK HAND
Associated Press Sports Writer

Four rookie pitchers celebrated their first big league victories today but the biggest thrill went to Hollingsworth, 34-year-old veteran of 17 baseball campaigns, who graduated into the 1944 win by boosting the St. Louis Browns to a first place tie with the New York Yankees.

Hollingsworth's relief chore went to the right side of the ledger when the Browns scored two runs in the ninth to tie the Washington Senators on a 4-3 verdict in 11 innings.

As Joe McCarthy's clan had fallen before Detroit, 6-2, in the afternoon, St. Louis moved into a percentage point tie for the lead. Although they have played even more games, won four more and lost three more than the Senators.

Forrest Orrell engineered Detroit's third straight over New York in a relief role as pinch-hitter Al Unser belted Walt Dubiel for a bases-loaded home run with two out in the last of the ninth, rolled, bought from Portland last year, was credited with his first in the big show.

Specs Klemm of the Cleveland Indians also passed the test in the role of a fireman, getting his first major league triumph after replacing Vern Kennedy in Cleveland's 7-4 edge over Boston.

Calvin Coolidge McLish, 18-year-old graduate of Oklahoma City's American Legion team, made the grade for Brooklyn after two losing efforts by turning back Pittsburgh with five hits for 8-4 win. Elsie Walker boosted his bulging

average to .436 on a double and two singles and Luis and Mickey Owen also were three-time hitters. Augie Galan homered for the Browns' night crowd of 14,773 and Jim Russell did the trick for the Pirates.

Frank Seward of the New York Giants was the fourth member of the "I won my first one" class as he survived a wobbly first inning to beat Chicago, 8-5. Nap Reyes dug himself in at third base with two home runs and a single that drove in six Giant runs. Danny Gardella of New York and Bill Nicholson and Dom Dallessandro of the Bruins also hit for the circuit.

Max Lanier's six game winning streak went by the boards as Boston pounded out a 5-1 edge behind Red Barrett. Max Macon and Connie Ryan belted round trippers for the winners who have beaten the Red Birds four out of six this year as compared to three out of 22 in 1943.

Ron Northey emerged from a hitting slump to single home Johnny Waddell with the telling run as Charles Schanz hurled the Phils to a 5-4 nod over Cincinnati.

The Philadelphia-Chicago game in the American was rained out after three innings with the A's leading 2-0.

Miller Heads For Flock Of New Records

By JOE REICHLER
New York, June 1.—(P)—Eddie Miller, of the Cincinnati Reds, baseball's leading shortstop the past four years, appears on his way to become the best fielding shortstop of all time.

The 27-year-old native of Pittsburgh seems destined to better his own fielding record of .983, established in 1942 when he made only 13 errors while tackling 743 chances in 142 games.

Including the game played May 31, Miller has accepted 205 chances in 37 games with only one error for a phenomenal fielding mark of .995. His lone miscue occurred in the third inning of the second game of a twin-bill against Boston on May 14. In getting set for an easy grounder Eddie took his eyes off the ball to see how far the runner from first had run to second.

If Miller continues to pace the shortfielders this year, he will tie Joe Tinker in leading the National League shortstops for five years. Miller's however, will be in a succession, whereas the best Tinker could do was two straight years.

Everett (Deacon) Scott of the Red Sox and Yankees holds the American League record, having led the circuit in fielding in each of eight seasons. Scott owns the junior league's best mark with .976 in 1918 and '19.

The Deacon averaged .968 for his eight best campaigns, a little over 24 errors per season in 144 games, never less than 17 errors. Miller's combined fielding mark for the last four years is .974, averaging a little less than 23 errors per season in 149 games, his lowest error total being 13 in 1942.

Tinker's five year mark is .948, an average of 29 errors per season. Marty Marion of the St. Louis Cardinals, Miller's closest rival, who many claim is the Red shortstop's superior, owns a .958 percentage for the last four years, with an average of 25 errors in 139 games a season.

Eddie holds the record for consecutive errorless chances, accepting 251 without a miscue in 1941.

PONY LEAGUE

Buffalo, N. Y., June 1.—(P)—The Jamestown Falcons are No. 2 men in the PONY League, having defeated the Lockport Cubs 9-0 last night.

The Falcons clinched the game in the seventh inning when they scored six runs on four hits.

The win puts Jamestown four percentage points ahead of Lockport.

Batavia defeated leading Erie last night 5-4, moving into fourth place. The winning run was scored in the ninth inning.

Olean held Hornell scoreless until the seventh inning, when Hornell ran up eight tallies. They could not overcome Olean's head start, however, and went down for a count of 13-8. At Bradford, the Blue Wings scored a 7-6 win over Wellsville in a game that went to 10 innings.

Today's games: Wellsville at Bradford; Olean at Hornell; Erie at Batavia; Lockport at Jamestown.

Tickets For All-Star Game Now On Sale

Pittsburgh, June 1.—(P)—Tickets to the major league All-Star game, to be played here the night of July 11, went on sale—by mail only—at Forbes Field today.

Under plans at a recent meeting at which Kenesaw Mountain Landis, baseball's high commissioner, presided, all reserved seat sales must be made by mail, with no more than four to be sold to a customer. Only bank drafts, money orders or certified checks, made payable to the Pittsburgh Athletic Co., Inc., will be accepted.

Commissioner Landis, Ford Frick, National League president, and William Harridge, president of the American League, set prices at \$4.80 for box seats and \$3.60 for reserved seats.

Pirates Plan To Open Corry School

Pittsburgh, June 1.—(P)—The first of the Pittsburgh Pirates' baseball schools for boys with professional diamond ambitions opens in Corry next Thursday, June 8. President William E. Benswanger announced today.

The school will be under direction of Jack Tinson, Corry high school coach, and Leo Mackey, Pirate scout. It will be open to all boys over 15. Benswanger said, and all candidates will be given a chance in all departments of the game.

The school, with classes from 2 to 6 p. m., daily will continue through Saturday. Boys who show promise will be signed to contracts, Benswanger said.

Racing Enriches Florida Treasury

Miami, Fla., June 1.—(P)—A record-breaker from the start, Florida's first hundred million dollar racing season has ended with the state treasury \$6,824,268.72 richer.

The total topped by far the previous record betting of \$68,280,202 in the 1940-41 season. It represented a striking comeback from the low of \$26,658,646 last year when the pleasure driving ban caused a suspension of horse racing after only 15 days.

WOMAN'S BODY FOUND;
TAKEN FROM RIVER

Franklin, June 1.—The body of Mrs. Phoebe Pryer Allison, aged 21, of Seneca, who drowned in the Allegheny river near here Sunday afternoon, was recovered at 5 o'clock Wednesday afternoon just above Kennerdell, 18 miles down stream from where the drowning occurred.

The body was first seen by the engineer of P. R. R. train 901, who notified a towerman.

The young woman leaves her husband, Richard Allison. An Oil City undertaker took the body to that place.

SHIP POUNDS TO PIECES

San Francisco, June 1.—(P)—The sea today was pounding the Liberty Ship Henry Bergh to pieces on the rocks of Farrallon islands, 30 miles west of the Golden Gate, but her more than 1,000 navy passengers were safe.

The 10,500-ton vessel ran ashore in fog and rain at dawn yesterday while bringing the sailors home from war services in the South Pacific.

gates of St. John Lateran. British troops in a hill flanking drive on the coast advanced behind a pummeling of Nazi defenses by U. S. destroyers standing off the shore.

(A CBS broadcast from Bern said Rome residents could see the smoke and flashes of battle through binoculars and telescopes, with the fighting so near "that cannons, firing with the frequency of machine guns, caused the houses of Rome to tremble and the windows to rattle continuously throughout the day and night.") The Eighth Army meanwhile, advancing steadily up High 6, the Via Cassina, captured Frosinone, provisional capital 54 miles by road from Rome. Frosinone, with a population of well over 20,000, is the most important town and communications center yet seized in the drive along High 6. It fell to British infantry and armor after a sharp battle.

The Fifth Army gains from Valmontone to the Tyrrhenian coast were officially called "limited but important."

Three miles west of the fortified town of Lanuvio armored units crossed the Fosso Di Campoleone, a drainage canal, and maintained steady pressure on the enemy in the area interlaced with canals and ditches.

British troops nearer the coast advanced astride a road north of Ardea, but the extent of their gains was not disclosed.

French units marched northward from Carpineto and the last Nazi defenders fled from the Lepini hills, which had been a bulwark guarding the Via Cassina from the south. Other French advanced four miles and occupied the village of Patricia, six and a half miles southwest of Frosinone, and Monte Pisciarella, the same distance southwest of Ferentino.

Eighth Army troops occupied the town of Sora, northeast of Frosinone, and 13 miles up Highway 82 from its junction with Highway 6 at Arce. Sora fell to a column of New Zealanders driving toward Avezzano, 34 miles beyond.

The British also overran the towns of Ripi, four miles southeast of Frosinone, and Torpica, two miles to the east—both above Highway 6.

Two American destroyers supported the British operations on the Fifth Army's left flank yesterday, bombarding enemy positions in the beach area and north of Ardea.

Schools Go All-Out For Bonds and Stamps Tuesday

Next Tuesday, June 6, is the date set by Warren borough schools for their final all-out effort in War Bonds and Stamps sales for the current school term, a period which has seen amassed a sales total of \$58,685.12, with a per capita of \$22.33 for a total enrollment of 2,628 students in the nine buildings of the borough. Pupils will be urged to convert their school savings accounts and unfilled stamp books into bonds by Tuesday and teachers, in addition to following the example set by students, are urged to convert payroll deduction programs into bonds.

To the school which shows the best per capita total for the entire school year, there will be added a credit of one \$500 bond face value.

The record up to and including May 26, with the school's enrollment figure, stamps and bonds total and per capita, in that order, is as follows:

High, 771, \$13,480.20—\$17.35; Beaty, 667, \$15,156.85—\$22.57; East, 197, \$1,815.55—\$9.22; Home, 117, \$4,214.73—\$36.02; Johnson, 256, \$6,532.95—\$25.21; Lacy, 225, \$5,724.55—\$25.44; McClintock, 141, \$2,251.00—\$15.96; Seneca, 41, \$1,528.59—\$37.28; South, 213, \$7,960.70—\$37.37.

OUTDOOR CONCERT

Harry A. Summers, instrumental music director in Warren borough schools, announces today that Wednesday, June 7, is the date set for the annual Senior Week Concert, to be presented on the lawn of Beaty school.

FIRST STRAWBERRY

Mrs. William Silze, 108 Grant street, comes up with the first ripe strawberry of the season. The berry was from a plant of the ever-bearing type and was a large, luscious one. Mrs. Silze has a large number of the plants and reports other berries are maturing and taking on the red color of the mature berry.

NEW MARKERS PLACED

Employees of the State Highway Department are now engaged in replacing the route markers through the city with newly painted and refurbished signs. The markers are frequently hit by automobiles and require a large amount of attention. The men are also engaged in a large road marking program and in this country there are 70 miles of highways on which the white lines have to be placed. This will entail the use of a large amount of paint and much manpower.

WILL DISCUSS PLAN

The Warren County Council of Defense will hold its regular meeting Friday afternoon at 4 o'clock in the office of the Council, Market street. At this session plans will be discussed and reports heard of the men recently at Harrisburg on the absentee voters plan. The plan has been evolved to carry out the voting for soldiers under the law recently passed by the state legislature at its last session. Under it a canvass will be made of every home in the county to ascertain the name and address of soldiers who are serving overseas. The task is an immense one and just how it will be carried out will be decided upon at the meeting to be held tomorrow.

WORKING ON INTERIOR

Interior work is now under way at the new addition to the Sylvania Electric Products, Inc., plant on East street. The contractor has the exterior work completed and electricians and other interior workers are now working long hours in an endeavor to complete the building on scheduled time. At the start of the work weather and the lack of workmen interfered with the program to some extent but in the face of these handicaps remarkable time was made. It is expected that the building can be occupied within a short time and operations at the plant can be extended. The new addition will add 20,000 feet of floor space to the plant.

TIMES TOPICS

MADE MERRY HERE

Stanley Merry, of Bradford, came to Warren yesterday and made merry here until he sort of wobbled in his stride when he attempted to get into his car near one of the local hotels. Police suggested that he had better wait for a time but Merry insisted that he drive and the police finally took him into protective custody.

FLOWER PRICES HIGH

Flower prices are high and over Memorial Day they skyrocketed in a manner that excited much comment. Reports are also to the effect that prices on flowering plants have doubled since last year. Whether or not there is a ceiling price on such articles is not known but if there is the local office of the Price Administration could get an earful by making an investigation of local prices.

WORK NEARING COMPLETION

Painters are now at work in the Segal building on Pennsylvania avenue, west, where an extensive remodeling program is being carried out in the building. The two upper floors are being converted into apartments and they will be modern in every way when the work is finished. Now plumbing and other installations have been made and the work has been under way for several months past.

OPEN FRIDAY NIGHT

Announcement was made this morning at the office of the War Manpower Commission that there is still a dire need for girls and women at the Sylvania plant and that the office of the Commission will be open Friday evening from 7 to 9 for the purpose of enlisting employees for the plant. During the past month several hundred women and girls have been placed but the need is still such that more and more women are employed.

PERSONNEL GROUP MET

One of the most interesting meetings of the Warren County Personnel Officers Association was held last evening at the YWCA. Dinner was served at 5:30 and following the dinner a business meeting was held at which time the annual election of officers took place. James Kanne, of the National Forge & Ordnance Company was chosen as president; Paul Leonhart, of the Warren Gear Products Company, vice president, and Sam Chesnut, of the Bashlin Valve Company, secretary and treasurer. Mrs. Gallagher of the State College Extension Service spoke of the classes in labor management and safety engineering to be given here and of the opportunities which the courses offered. Following her address the National Forge & Ordnance Company gave some fine entertainment.

CLOROX CLEANLINESS

is especially important in these critical days for Greater Home Health Protection!

WHY TAKE CHANCES! "When it's CLOROX-CLEAN it's hygienically clean!"

PROTECTING family health is a major responsibility at any time. And during these critical days it is more important than ever because of reduced medical facilities. A simple yet effective precaution... a basic step in health protection... is the use of Clorox in routine cleansing of home "danger zones". For Clorox goes far beyond ordinary cleansing. It disinfects, helps protect against many infection dangers. Clorox is intensified in germicidal action, yet is safe and always dependable. Clorox also bleaches white cottons and linens snowy white (brightens fast colors), makes them fresh-smelling, sanitary. There is only one Clorox... it is ultra-refined, free from caustic, an exclusive, patented quality feature. Clorox has the same full strength, the same high quality standards, today as always. To provide greater health safeguards in your home, simply follow directions on the Clorox label.
